

## The Yun Family's Ninth Child is an Imp! Chapter 1311

"If we die, Ling Han and Bei Ming won't let you off. You Won't have a good ending! Just like those people back then, they will all die without a complete corpse!"The palace master's wife said through gritted teeth. "Back then?"? "Hmph, times have changed. Back then, it was just a natural disaster, but you guys planted it on a little brat. Cut the crap. Did you take the initiative to obey me, or do you want me to use force..."the man's next words were very vulgar and obscene, yun chujiu could not listen to it anymore. Yun chujiu frowned. She had to think of a way immediately. Otherwise, once that old witch was stupid, it would be bad if she really bit her tongue. There were no patrols around this area, which meant that this person was doing it for pleasure, so he sent everyone away. She could actually kill him by surprise. This way, she would be exposed. What should she do next? Forget it. No matter what, she had to save the old witch first. Yun chujiu thought of this and activated the isolation array. Then, she slapped the window! The Man in the room was taking off his clothes while the palace master's wife was tightly bound by her spiritual power and thrown onto the bed. Yun chujiu did not say anything else and threw a large sack at the man. The man never expected that someone would actually barge in. He subconsciously used his spiritual power to hit the sack. With a bang, the chili powder inside spilled out. Although the man reacted quickly, some of the chili powder still choked his eyes. At the same time, the man stumbled. Coincidentally, his pants were halfway down. When he wanted to get up, he tripped again, yun Chujiu's purple needle hit the man's head. Along with the explosion, the man screamed again and again. Unfortunately, Yun Chujiu had already activated the isolation array. No one heard him even if he shouted again. Yun chujiu lifted the rolling pin and directly hit the man's head. Then, she untied the rope on the wife of the palace master and also untied the spiritual power confinement on her body. The wife of the palace master was already in despair and was about to bite her tongue to commit suicide. She did not expect to be saved by Yun Chujiu, who she had always looked down on. For a moment, she had mixed feelings, and tears flowed down her face. "Aunty, we can thank him later. Quick, see if there is anything on this person that we can use. Let's quickly discuss our next step."Yun Chujiu said as she used her divine sense to probe into the man's storage ring, other than spirit stones, there were also some black stones. The rest were spirit tools, pills, and the like. The man had an identity jade token on him. On the front was the word "Qi Yu", followed by the word "Netherworld Palace". This person must be Qi Yu. It turned out that he was not that Dharma Protector Tao. However, to be able to do such a brazen thing, he must have a deep relationship with Dharma Protector Tao. Yun Chujiu put the man's body into her storage ring, then, she said to the palace mistress who had regained her composure, "Aunt, don't bite your tongue and commit suicide next time. Biting your tongue won't kill you! Moreover, it's better to stay alive than to die. Don't die just because there's nothing to do! If you die, how will my uncle and brother Bei Ming Live? !" The palace mistress finally calmed down and became excited again. Her eyes turned red and just as she was about to say something., yun chujiu said, "Let's talk about compliments later. Aunt, what should we do next? Where are the others? How did you get caught? Why is there no movement at all?"
