

The Yun Family's Ninth Child is an Imp! Chapter 1324

Ren Zhiyuan's spirit energy python clearly had some initial intelligence. It saw Yun Chujiu leap to the side, and the Spirit Energy Python actually adjusted its direction and pounced towards Yun Chujiu. Yun Chujiu was shocked. She didn't expect that this person had already learned a high-level materialization technique. Although it was far inferior to the gigolo, it was still very difficult to deal with! Yun Chujiu shot several small purple needles at the Spirit Energy Python. Although the speed of the spirit energy python slowed down as the small purple needles exploded, it still stuck out its tongue and pounced at Yun Chujiu. Yun Chujiu had already retreated to the edge of the competition stage. If she was forced out, then Yun Chujiu would be considered to have lost. Ren Zhiyuan sneered repeatedly. This stupid girl really overestimated herself. I forced you out of the competition circle with one move. She is really too weak. The people of the temple of Immortals could not help but hold their breaths. Could it be that Miss Jiu was going to lose just like that? At this moment, everyone saw Yun Chujiu suddenly jump to the side. The Spirit Energy Python wanted to turn around and chase after her again, but its spirit energy could no longer maintain its body and dissipated. Ren Zhiyuan did not expect Yun Chujiu to be so fast at the critical moment. However, this was not a big deal. If you could dodge it once, could you dodge it twice? Ren Zhiyuan started to attack Yun Chujiu with his spiritual power again, and a new spiritual power python pounced at Yun Chujiu ferociously. Yun Chujiu got the inspiration from earlier and started to circle around with the spiritual power python. Although the spiritual power Python was transformed from spiritual power, the animal's attributes were still there. After circling around, the spiritual power Python tied itself into a knot, it was still a dead knot! Yun Chujiu curled her lips. "TSK tsk, this little loach that you materialized is really stupid. It actually tied itself together. It's even a dead knot. Don't use such a shameful spirit energy materialization technique in the future. It's really embarrassing!" Ren Zhiyuan was so angry that his face turned red. Although the attack power of a high-level materialization technique was greater, it also had a drawback. It could only be used single-handedly every time it attacked, unlike the middle-level and low-level materialization techniques that could be stacked several times, therefore, Ren Zhiyuan could only wait for the knotted spirit energy python to dissipate before he could attack again. Ren Zhiyuan gritted his teeth and decided not to use the high-level physical transformation technique anymore. He directly used the middle-level physical transformation technique to attack Yun Chujiu. Although it was still a python, it was much smaller than the previous one, and it had lost its intelligence. However, Ren Zhiyuan's spirit energy level was much higher than Yun Chujiu's. Even if he used the middle-level physical transformation technique, it was more than enough to deal with Yun Chujiu. Yun Chujiu could not hold on any longer. She was almost forced out of the ring a few times. Fortunately, she had a defensive spiritual weapon on her. If she really could not do it, she would take the spiritual power attack head-on. That was why she was not forced out of the ring. Although Ren Zhiyuan had the absolute advantage, he felt very ashamed. He was at the fifth level of the supreme spiritual stage, and Yun Chujiu was at the fifth level of the Spirit sect. His spiritual power level was much higher than Yun Chujiu's. It was a great shame that he did not win for such a long time. However, Yun Chujiu was not idle. She kept talking while beating him. "Aiyo, I was so close to getting out of the ring! So close! So Close!" "Oh my God! So close! So close! I was so close to getting out of the ring, but my leg was pulled back. Don't you think it's infuriating?" "Aiyo, you were so close again! Uncle Ren, are you

deliberately going easy on me? Do you also think that the Netherworld Palace is Shameless? Is that why you did it on Purpose?"
