

## The Yun Family's Ninth Child is an Imp! Chapter 1327

The people from the hall of the Netherworld were hopping mad. Where did the temple of Immortals get so many talismans? Although it was not a sudden burst of talismans, the power of the talismans was not small either. They were really difficult to deal with. The people from the temple of immortals heaved a sigh of relief after being stopped by the talismans. However, Yun Chujiu knew that they would not be able to hold on for long. She could only hope that Xiao Hei and the rat would succeed. As long as the formation's core was broken and the gigolo entered, these people would not be a threat anymore. Soon, there were not many talismans left in everyone's hands. The people of the Netherworld Palace rushed forward and began to fight head-on. The primary goal of the secret guards was naturally to protect the palace master's wife and Yun Chujiu. However, not only did the Netherworld Palace have the advantage in numbers, but they also had the advantage in spiritual power. Soon, they separated the palace master's wife and Yun chujiu from everyone and surrounded the two of them. "Stupid girl! No matter how many tricks you have up your sleeve, you will still fall into our hands. If you don't want to suffer, quickly kneel down and beg for mercy!" Ren Zhiyuan said fiercely. "Bah! You are a defeated opponent! If you want to kneel down, you should kneel down for me. Look at the hidden weapons!" After saying that, Yun Chujiu threw a stack of talismans in her hand at Ren Zhiyuan. Ren Zhiyuan and the other guards were so scared that they quickly retreated. They did not expect that the talismans would slowly fall to the ground. They were actually blank talismans. "That damned girl is playing us! Everyone, go! She must not have any more talismans!" Ren Zhiyuan shouted viciously. Everyone once again trapped Yun Chujiu and the palace master's wife together. Yun chujiu took out another stack of talismans and shouted, "Look at the hidden weapon!" Ren Zhiyuan and the guards felt that Yun chujiu was definitely playing tricks again, so they did not retreat this time. Instead, they rushed towards the talismans. Unexpectedly, the talismans this time were real. Although Ren Zhiyuan and the others had defensive spirit weapons to protect themselves, they were still forced back a few steps by the huge blast of air. Yun Chujiu threw out the remaining talismans with a crackling sound. This fellow was extremely regretful. F \* ck, if she had known earlier, she would have prepared hundreds of bags of talismans! Ren Zhiyuan and the others forced their way over again. Yun chujiu repeatedly shot out small purple needles, but the effect was really limited. This fellow was extremely resentful. F \* ck, why don't she let that little piglet out to try? This fellow gritted his teeth. Since it was already this time, it was fine to be embarrassed. Perhaps these people had never seen such a rare material transformation technique before, and they might be able to delay for a little longer., hence, yun chujiu shouted loudly, "It seems like I have to take out my trump card! You guys watch carefully! I'll scare you to death!" When Ren Zhiyuan and the guards of the Netherworld Palace heard Yun Chujiu's words, they could not help but be on guard. This girl had a belly full of evil tricks. What was her trump card? The palace master's wife was also very curious. Could it be that this little rascal really had a trump card? Yun chujiu waved her hand, and a cute little piglet of spirit energy hopped towards Ren Zhiyuan. Everyone was strangely quiet. Then, Ren Zhiyuan and the guards of the Netherworld Palace laughed out loud in disdain. "Pig? Smelly girl, what you materialized is actually a pig? And a little piglet? hahaha! This is simply hilarious!" The palace master's wife's face stiffened. Perhaps it was not wrong to say that she was a little trash in the past. Since ancient times, no one had ever materialized a pig! Moreover, it would be fine if you materialize a

pig. At the very least, it would be a species with offensive power. Your materialization was cute, but would this thing have any offensive power?
