

The Yun Family's Ninth Child is an Imp! Chapter 1330

The Netherworld Palace was leaderless, and they were quickly killed by the secret guards of the Temple of Immortals. The process of capturing the captives was like chopping melons and cutting vegetables. Yun Chujiu felt that the secret guards that were left behind in the temple of Immortals must be fake secret guards. Otherwise, how could there be such a huge difference? In fact, what Yun Chujiu did not understand was that the secret guards of the Temple of Immortals were divided into two parts. One part was the elites that di beiming had taken away. They were all personally trained by di beiming, and the remaining part was the secret guards that received regular training, naturally, there was less killing intent. However, after this incident, these secret guards had learned their lesson. Especially the twenty people who had gone to change the array's core, they had all joined the elite secret guard battalion. The rest of the tasks were to clean up the battlefield and interrogate their statements. Yun Chujiu felt that she could retire successfully. Hence, after this fellow had a good meal, he fell into a deep sleep until the next morning, only then did she come to see the palace mistress and di beiming. When the palace mistress saw Yun Chujiu, she smiled like a flower. "Little Girl Jiu, come to Auntie's place quickly. Have you had breakfast? What do you want to eat? I'll get someone to prepare it immediately!" Yun Chujiu saw the palace mistress's enthusiasm and was not used to it. "Auntie, you should talk to me normally. Otherwise, I'll feel a little cold." The palace master's wife chided jokingly, "You little girl, do you like it when I scold you?" Yun chujiu giggled. "That's the way to be cordial! Are Your Injuries Alright?" "It's not a big deal! Little Jiu, it was me who wronged you in the past. I apologize to you. Can you forgive me?" The palace master's wife asked with a face full of self-reproach. "En, I have to consider this. After all, being called a trash by others really hurts people's self-esteem, especially for a thin-skinned girl like me." Yun Chujiu said pretentiously. The palace mistress and di Beiming's eyes twitched violently. You're thin-skinned? Emma, don't joke around. If you were thin-skinned, there would probably be no shameless people in this world! "Little Jiu girl, it was indeed aunt's fault in the past. How about this, I'll bring you to the Temple of Immortals' treasury. You can take whatever you like." Yun chujiu rolled her eyes. "Aunt, I remember that you said that you gave me the key to the treasury. If you gave me the key to the Treasury, wouldn't all the things in the Treasury be mine? Why should I pick anything?" The palace mistress felt that some people like Yun chujiu were just trying to get on her good side, hence, her face darkened. "Little Jiu, am I being too kind to you? Hurry up and give me back the key to the treasury. I'll bring you to pick out a few pieces when I have time." Yun Chujiu returned the key to the palace mistress. This fellow secretly pursed his lips. This old witch really uses people to face the front, but not the back. She flipped out faster than a book. I didn't say that I wouldn't give it to her. Why was she being so fierce? ! The palace master's wife also felt that she had gone a little overboard. However, if this little rascal didn't press down on her a little, she would be able to go up to the sky and stand shoulder to shoulder with the sun! Hence, the palace master's wife ignored this fellow and turned to ask di beiming, "Beiming, how's the interrogation going? Has Dharma Protector Tao given an explanation?" "He has used all kinds of criminal law and is very stubborn. He didn't say anything. In the end, I could only use soul search. However, someone had left a mark on his soul, so I didn't get much useful information. "The other small fries knew very little. They only told me that they were under the orders of Vice Palace

Master Liu of the Nether World Palace. They first took over the temple of Immortals, then continued to expand and eventually took over the entire Tian Yuan continent.”
