

The Yun Family's Ninth Child is an Imp! Chapter 1333

When everyone saw the man's appearance, they could not help but hold their breaths. The man's long hair was tied together loosely with a white headband, and his appearance was even more stunning, especially that melancholic and deep gaze, it made people unable to help but be intoxicated.

"Lan Luochen." The man lightly opened his thin lips, lightly spat out three words and did not speak anymore. His entire person gave off a faint melancholic feeling.

Seeing this, teacher Ji sha could only add, "Lan Luochen is the new student who entered the school this time, but his foundation in all aspects is very good. He took the initiative to apply to jump to the second grade, and the Academy approved his request. From now on, he will be a student of the Huang Class." "Alright, Lan Luochen, find an empty seat and sit down."

Lan Luochen raised his eyes and indifferently glanced around. His gaze fell on Yun Chujiu. Yes, the empty seat beside her.

At this moment, Yun Chujiu looked like a fool and was in a Daze!

Mermaid Brother? Although Lan Luochen's eyes were black, his appearance was exactly the same as the mermaid brother. Could it be a coincidence?

After Lan Luochen sat down, he did not even look at Yun Chujiu. It was as if there was nothing beside him.

Yun chujiu was extremely curious. It was not easy for her to make it to the end of the class. She turned around and asked with a smile, "Lan Luochen, do you know the mermaid brother?"

Lan Luochen looked at her indifferently and left after saying that he did not know her.

Yun chujiu shrugged her shoulders. It seemed that it was just that their looks were similar. Where was Big Brother Mermaid locked up?

Lan Luochen was like a clear stream in the Huang class. Yes, he did not fit in with everyone. Other than attending class, there was no sign of him at all. It was as if he was invisible.

However, there were many beauties, and Lan Luochen was like a grass in the Tianyuan Academy. Many girls would try their best to get close to Lan Luochen, but Lan Luochen ignored them.

Then, the miserable Yun Chujiu became the object of envy and hatred of the girls. Of course, in view of Yun Chujiu's valiant performance, they only dared to gossip behind her back. In front of her, they absolutely, absolutely did not dare to say anything.

On this day, Yun Chujiu came to the academy's entrance and waited for the secret guards of the Temple of Immortals to deliver the talisman papers. This fellow had already decided that he would always have a few hundred sacks of talisman papers in his storage ring, just in case!

Right at this moment, a flying spirit tool flew over from the sky. From the looks of it, its grade was not low.

After the flying spirit tool landed, eight beautiful maids came down from it. They laid down a snow-white cashmere carpet and said respectfully to LAN luochen, "Young master, Please!"

Then, Lan Luochen stepped on the flying spirit tool on the carpet and left.

Yun Chujiu was dumbfounded. Why was this routine so similar to the old witch's routine? Could it be that all pretenders had the same routine?

In the next few days, Lan Luochen's family background spread.

"Did you know? Lan Luochen is the young master of the Lan Family!"

"Lan Family? Which Lan Family?"

“The LAN family from the far north!”

“Ah! Really? He is? Oh My God, then why did he come to our Tian Yuan Academy? Doesn't the far north have little contact with us? Besides, isn't there a Tian Ji Academy in the Far North?”

“Cheh! Can the Tian Ji academy compare to our Tian Yuan Academy? Besides, as the young master of the LAN family, Lan Ruochen naturally has to come out for experiential learning. I guess it's considered experiential learning for him to come to our Tian Yuan Academy.”

“Well, the LAN family is very rich. I guess there will be more people chasing after Lan Ruochen this time!”
