

The Yun Family's Ninth Child is an Imp! Chapter 1344

Yun chujiu jumped more than a hundred feet away and dodged the attack of the wild, single-horned bull. She sneered and said, "Old Bull, I'm giving you one last chance. If you still persist, don't blame me for killing the Bull!"

The wild, single-horned bull completely ignored Yun chujiu and rushed towards Yun Chujiu again.

Yun Chujiu raised her eyebrows. Since you're looking for death, don't blame me. I'll turn you into minced beef!

Yun Chujiu took out a burst talisman and threw it at the Wild Ox!

Then, Yun Chujiu realized that the burst talismans didn't react at all! ! !

Damn it!

Couldn't talismans be used here? She had prepared hundreds of sacks!

Why did no one mention that talismans could not be used here? It really killed her!

Actually, her teacher had mentioned it, but this fellow was full of resentment about di beiming leaving and did not pay attention to it at that time. Hence, this fellow was in deep trouble.

Initially, she thought that she could use the super grade explosive talismans to blow up this barbaric ox, but now, the talismans could not be used and she could only use her spirit energy to attack!

Yun Chujiu recalled the heroic performance of the Spiritual Power Piglet in the temple of Immortals, and she felt a little more confident. She then released a cute spiritual power piglet towards the barbaric ox.

When the barbaric ox saw the spiritual power piglet released by Yun Chujiu, it was so shocked that it froze on the spot!

What the hell was this thing?

A Pig?

Didn't humans release wolves, tigers, and leopards?

How could a human transform into a pig?

Or a piglet?

Was this a joke?

Just as the savage one-horned bull was in a daze, the spiritual piglet had already rushed in front of it and bit down on its horn!

Yun chujiu couldn't bear to look at it!

Emma, you're really a pig! The Savage one-horned Bull's horn was the strongest part of its body. You should bite its eyes, ears, and so on!

As expected, the spiritual power piglet did not cause any damage to the horn of the savage one-horned ox. Instead, it was kicked away by the savage one-horned ox.

Yun chujiu had no choice but to release another spiritual power piglet. She used her spiritual sense and said, "Attack its eyes and ears. Don't be stupid and attack that horn."

The spiritual power piglet pounced on the savage one-horned ox. The Savage one-horned ox directly stabbed at the spiritual power piglet with its horn. It thought to itself, "I will directly make you disappear." "Then I'll bite that stinky girl to death in one go."

Unexpectedly, when the spiritual energy piglet saw the wild one-horned violent bull charging over, it actually turned a corner and bit on the wild one-horned violent Bull's ear!

Yun chujiu took the opportunity to shoot out several small purple needles, all aimed at the weak parts of the wild one-horned violent bull.

The wild one-horned violent bull was only focused on dealing with the spiritual energy piglet. It did not expect Yun chujiu to launch another attack.

When it found out, it was a little confused. The stinky girl had already released a pig, how could she still use spiritual power to attack?

Wasn't this a high-level spiritual power materialization technique?

If it wasn't a high-level spiritual power materialization technique, how could this damn piglet know how to turn around?

Right, wasn't this stinky girl at the fifth level of the spirit sect? How could she know the intermediate level materialization technique, let alone a high-level materialization technique! But where did this little piggy come from?

The wild one-horned bull was obviously a little stubborn. You should have avoided the little purple needle first. You can think about these stupid questions later. No, he just sat there thinking about these questions.
