

The Yun Family's Ninth Child is an Imp! Chapter 1347

Yun chujiu took out another golden-armored turtle from the great void mystic realm and threw it into the river. Then, the golden-armored turtle disappeared again.

Yun Chujiu touched her chin. was there a teleportation formation under the river? Could it be that the golden-armored turtle had been teleported to another place?

In order to take a closer look, Yun Chujiu got Mao Mao Qiu to get a giant iron-armored turtle and threw it into the river.

The giant iron-skinned turtle also disappeared!

However, this time, Yun Chujiu found a clue.

The giant iron-skinned turtle was not transported to another place, but melted by the river! To be precise, it was corroded by the river water.

Oh My God, this was even more powerful than the most poisonous poison!

Yun Chujiu was not afraid, but rather excited. She had to decorate the river water more. With this thing, if anyone dared to go against her, she would make it disappear! It was better than any poison!

But this fellow was in a difficult situation. How could she use it to disguise herself?

Besides, how could she disguise herself? She might even hurt herself.

Just as Yun Chujiu was worrying about what container to use to store the water, the guai Cao in her dantian was clamoring for Yun chujiu to drink the river water.

Yun chujiu was so angry that she almost passed out!

“Gou Weiba! If you don’t beat up the house for three days, are you asking for a scolding again? “You want me to drink this river water “Even the bastard’s shell has been corroded, you want me to drink it “Even if you want to commit suicide, don’t drag me along “Damn it, if you are willing to drink it, come out from My Dantian. I promise to let you drink it until the end of Time!”

Guai Cao kept asking for water, so Yun Chujiu simply ignored it. She touched her chin and wanted to use some container to fill the poisonous water back.

Unexpectedly, guai Cao really wanted to drink the river water, so it took control of Yun Chujiu's body again and went straight to the river bank.

Yun chujiu could only stare and not use her strength. She could only see herself lying on the bank like a little bastard and drinking water.

The first thought that flashed through Yun Chujiu's mind was not to strangle guai Cao, but to find a container to hold the poisonous water. She was, she was! Ah! Ah!

Yun chujiu realized later that her face had not been corroded by the river water. She recalled that when she was in the Great Void Mystic Realm, the guai Cao had also taken control of her body and drank a pool of water. However, that was a small pool of water.., this was a f * cking big river!

Yun Chujiu inexplicably thought of a song in her mind: a big river with wide waves, the wind blowing on both sides of the river..

Cough Cough, after her brain returned to normal, her first thought was, could it be that she had gone through all kinds of difficulties, and in the end, she was stuffed to death?

No, she wanted to regain control of her body!

“Gou Weiba! You heartless person! Who Fed You? Who Fed You? Who Fed You? It’s me, me, or me! You turned your back on me and refused to acknowledge me, do you still have a grass face?”

“Tell me, how hard did you make me suffer? When I was young, my face was as black as a charcoal ball. When I was older, it affected my ability to bear monkeys. Now, it’s going to flatten me to death. Tell me, are you still a human? No, if you don’t come, then you’re not a human. Tell me, are you still a grass-faced man?”

“Gou Weiba, I’m warning you. Stop right now, or I’ll take back control of my body. I’ll cut open your stomach! After I get you out, I’ll burn you with fire! I’ll Chop You with a knife! I’ll Fry you with oil! I’ll make sure you die without a complete grass!”

..

Unfortunately, no matter how Yun Chujiu cursed, guai Cao had a goal, and that was to drink water!

Yun Chujiu was also puzzled. She had been drinking for an hour, but why wasn’t she stuffed to death? Could this river water be fake?
