

The Yun Family's Ninth Child is an Imp! Chapter 1348

Yun chujiu gradually realized the problem. To be precise, she was not drinking water, but absorbing something in the river water.

Could it be that Gou Weiba was absorbing the poison in the river water?

Sigh, she did not know what the Hell Gou Weiba was. It liked poison so much that it could not even move its legs when it saw the poison!

Seeing that she wasn't in danger of bursting to death, Yun Chujiu wasn't so angry anymore. She simply closed her eyes and went to sleep. After all, no demon beasts dared to come to this riverside.

After the big-hearted guy woke up, he found that he was still absorbing the poison like a little bastard, so he simply fell asleep again.

When Yun Chujiu woke up again, it was already the morning of the next day.

"Gou Weiba, are you done yet? You've been drinking for the whole night and you still haven't finished?" Yun Chujiu said angrily.

As soon as Yun Chujiu finished her sentence, she gained control of her body. However, how could her body not be stiff after staying in the same position for the whole night? Yun chujiu fell into the river. Fortunately, the water by the river was not very deep, so she did not drown tragically.

Yun chujiu was so angry that she cursed the guai CAO 108 times!

The guai Cao was now very satisfied and could scold it however it wanted. Anyway, it had achieved its goal and frequently used its leaves to form a heart shape to act cute. Unfortunately, in Yun Chujiu's eyes, this was a black-hearted grass. No matter how cute it was, it was still a black-hearted grass!

Yun chujiu climbed onto the bank and used her spiritual power to dry her clothes. After that, she had an idea. She did not know if the poison had been completely absorbed by the Guai Cao. Therefore, she asked Mao Qiu to take out another golden-armored turtle and put it into the river.

An hour passed, and the golden-armored turtle was still fine. It seemed that the poison in the river had been completely absorbed by Guai Cao.

Yun Chujiu decided to do a good deed to the end. She asked Mao Qiu to take out a lot of water grass seeds and sprinkle them in the river water. Then, she took out some small fish, shrimp, and aquatic demon beasts and put them into the river water.

Suddenly, the entire river was full of life.

Yun chujiu looked at her masterpiece proudly and said proudly, "I gave this river a new life. From now on, this river should be called Little Jiuhe!"

Well, this guy had completely forgotten how reluctant she was before.

This guy took out a big stone from his storage ring and used a hammer to chisel out the three words "Little Jiuhe". Then, he painted it with cinnabar. The stone tablet was considered a success.

Yun chujiu set up the stone tablet and looked at it with satisfaction. Just as she was about to give another long speech, her stomach started growling. She remembered that she hadn't eaten yet, so she took out a meat bun and started eating.

After eating and drinking, Yun Chujiu decided to go to the other side of the river to take a look. The poisonous river had divided the area, so there might be many high-level spirit herbs there.

Yun chujiu jumped into the river and swam to the other side.

The river was very wide. When Yun Chujiu was halfway there, a huge suction force suddenly came from the bottom of the river. Yun Chujiu tried her best to struggle but to no avail, and her vision fell into darkness.

Before Yun chujiu fainted, she only thought of one sentence: people die for money, birds die for food!

When Yun Chujiu regained consciousness again, she found that she was tightly tied up, and her spiritual power was also restricted. She was even locked in a damn cage.

Yun chujiu looked around and realized that she seemed to be in a palace. The decorative patterns on the walls and the stone slabs on the ground gave off an ancient aura. She estimated that this palace had existed for a long time, but.., which Bastard had captured me?
