

The Yun Family's Ninth Child is an Imp! Chapter 1352

Yun chujiu ran wildly, and the five wild wolves chased after her. It would be a great shame if the meat that was delivered to her ran away.

“Hey! Don’t you have food? Why are you chasing me? I don’t have two taels of meat on me!” Yun chujiu shouted as she ran.

The five wild wolves did not care how much meat she had. Even if it was not for the appetite, they would eat this human girl for the sake of the wolf’s dignity.

The speed of the wild wolves was much faster than Yun Chujiu’s speed. They caught up very quickly. Yun chujiu could not help but complain. As expected, two-legged ones could not run as fast as four-legged ones!

Yun chujiu was once again surrounded by the five wild wolves. Yun chujiu bared her little white teeth at them. “Puppies, how about we make a Deal?”

Just as Yun chujiu was about to deceive them, the five wild wolves rushed up!

F * ck!

They were indeed unevolved demonic beasts!

They had no manners at all!

Yun Chujiu had no choice but to activate her defensive spirit tool and release several piglets of spiritual power to charge at the five wild wolves.

The five wild wolves were actually scared silly for a moment!

What was going on with this group of piglets?

To be exact, what the hell were these piglets?

Didn't they say that only one high-level physical transformation technique could be released? How could she release a bunch of them?

Besides, wasn't she at the fifth level of the spirit sect? How could she know high-level materialized spell?

However, the wild wolf was clearly not as stubborn as the wild ox. This thought only lasted for a moment before it joined the battle.

Although the spiritual power piglets were smart, they would be scattered by the Wild Wolf's claws. Yun chujiu could only keep releasing the piglets, occasionally mixed with small purple needles.

Even so, in less than fifteen minutes, Yun chujiu was completely at a disadvantage. Moreover, the little piglets required more spiritual power than the small purple needles. Although Yun Chujiu's spiritual power was very abnormal, there was a limit to it, if she continued to waste her spiritual power like this, she would be in deep trouble.

Yun chujiu gritted her teeth. If she really couldn't do it, she could only activate her identity jade token. Nothing was more important than her life. Therefore, she took out her identity jade token, and then sadly found that the identity jade token had lost its effect!

Damn!

This must be the work of Bai Mantou!

Yun Chujiu's forehead was covered in sweat. She could still rely on her defensive spirit tool to support herself. However, she would eventually run out of it. What should she do? What should she do?

The three little ones in the Spirit Beast Bag took the initiative to ask for help. Yun chujiu quickly took out Xiao Hei, Xiao Hei, Xiao Hong, and Xiao Heinia. As for Xiao Hei, she would forget about it. When the time came, she would have to save it.

Yun chujiu did not let the little black bird use the curse spell. It was a life-saving method, and she could not use it unless she had no other choice.

With the help of the two little ones, Yun Chujiu held on for a while. But soon, the two little ones were injured, so Yun chujiu had to put them away.

The five wild wolves were also very anxious. The little girl, who they thought was easy to deal with, had actually not been able to eat for more than an hour. It was a great humiliation.

The five wild wolves intensified their attacks, continuously using their sharp claws and sharp teeth to attack Yun Chujiu's defensive barrier. Yun Chujiu's defensive spirit tool was constantly being shattered, causing Yun Chujiu's heart to ache.

"Master, don't You Have Puppet No. 1? Use Puppet No. 1 to try!" Xiao Heinia said when she saw puppet No. 1 in the Spirit Beast Bag.

Yun Chujiu's eyes lit up. Yes, how could I forget this good thing?
