

The Yun Family's Ninth Child is an Imp! Chapter 1362

Yun chujiu took out some dry rations as she ate. If she wanted to take revenge on Bai Mantou, she had to first leave the forest and then trick a Demon Beast to lead the way. Only then would she be able to find the great river. That's right, that's what she should do!

However, before that, she had to first repair puppet no. 1. Otherwise, if she encountered another demon beast, she would have to expend her defensive spirit tool.

Yun Chujiu took out puppet No. 1 and looked at it. Many parts of it were badly damaged, so it was really difficult to repair it.

Seeing that it was already late, Yun chujiu found an empty space and melted puppet no. 1 into molten iron. Then, she refined another refined iron puppet.

After refining it, she let the three little ones take turns to be on guard. Yun Chujiu took out her all-purpose tent and lay in it, sleeping soundly.

Not long after Yun chujiu fell asleep, Xiao Hei squeaked. Yun chujiu climbed out of the tent and saw blue lights flashing around her. Clearly, there were demon beasts surrounding her.

Yun chujiu now had two iron puppets in her hands. She had some confidence, so she was not in a hurry to escape. She was ready to see what kind of Demon Beast it was.

A moment later, three level 26 Savage Wind Blade Wolves walked out of the forest, drooling as they stared at Yun Chujiu.

Yun Chujiu was puzzled. Why did these demonic beasts drool when they saw her? Was she that beautiful?

This guy shamelessly praised himself, then said to the three savage wind blade wolves, "It's so late at night. Why aren't you sleeping? Get lost!"

The three wild wind blade wolves felt that the little girl was probably not awake and was talking nonsense. Otherwise, she would only dare to talk to them like that unless she was crazy.

The Three Wild Wind Blade Wolves roared and stomped on the ground, ready to pounce on Yun Chujiu.

"Wait! Three Puppies, how about we make a Deal?" Yun Chujiu said with a smile.

Three Puppies?

Probably any wolf would be angry after being called a little dog, and these three wild wind blade wolves were no exception. They immediately fired several wind blades at Yun Chujiu, and Yun Chujiu activated her defensive spirit tool while dodging, her mouth wasn't idle either. "Hey! Don't you know what is polite? I haven't finished speaking, and you are already making a move? How Shameless!"

The three wild wind blade wolves were furious. We are demonic beasts and you are humans. What business do we have with you? Besides, you are the dog. Your whole family is dogs!

Yun Chujiu wanted to test the power of the two puppets, so she released puppet No. 1 and Puppet No. 2. "No. 1, No. 2, Attack! beat him up!"

The three wild windblade wolves were confused and confused. What the hell was this?

Puppet No. 1 and Puppet No. 2 charged at one wild windblade wolf, while Yun chujiu grinned at the remaining Wild Windblade Wolf. "Puppy, come here. I'll show you what a gang fight is!"

The Wild Windblade Wolf looked around in confusion. There were no other humans. What was this girl talking about?

It soon understood what Yun Chujiu meant by a group fight. As Yun Chujiu waved her hands, several cute little piggies with spiritual power pounced at it.

The wild wind-blade wolf quickly fired the wind blades to disperse the little piggies with spiritual power. However, unexpectedly, the little piggies swallowed the wind blades and pounced at it even more fiercely.

The Savage wind-blade Wolf was so scared that it almost cried. What the hell was this? This was the first time it had seen a materialization spell that could swallow the opponent's spiritual energy. This was too abnormal!
