

The Yun Family's Ninth Child is an Imp! Chapter 1367

"Bai Mantou, are you shameless? You helped me? I think you want to kill me, right? Then you can take the things on me for yourself, right?" Yun Chujiu said with a sneer.

Bai Mantou licked his face and said, "Little fairy, how can I be such a person? How can I dare to harm you? Wouldn't I be asking for trouble? Little Fairy, look, you've already leveled up. Shouldn't you give me some of the power of lightning?"

Yun chujiu glanced at it and said, "Give it back to you? Did I borrow it from you? If you want it, you can exchange it with something or buy it with Spirit Stones."

"Then, then how much is it?"

"It's not expensive. A bolt of heavenly lightning costs 100,000 high-grade spirit stones. How many do you want to buy?" Yun Chujiu said indifferently.

Bai Mantou fell to the ground on his butt. A profiteer! A black-hearted profiteer! This was not expensive?

A bolt of heavenly lightning cost 100,000. If he bought 1,000 bolts, wouldn't that be 100,000,000 Upper-grade Spirit Stones? 10,000 bolts would be 1,000,000,000,000,000 upper-grade spirit stones!

“Little fairy, this... can this be cheaper? I bought too much. Give me a discount!” Bai Mantou said pitifully.

“If you don’t want to buy it, you can’t give me a discount!” Yun chujie curled her lips. Damn it, you also had this day! Why didn’t you think about the present when you harmed me? Discount? Don’t even think about it!

Bai Mantou’s face wrinkled into a ball. He gritted his teeth and said, “Little Fairy, I really don’t have that many spirit stones. How about this, I’ll give you some heaven rank spirit herbs from the great wilderness mystic realm, okay?”

Yun Chujie’s heart skipped a beat. This was even better than spirit stones. Many spirit herbs here were extinct. With just a flip of her hand, she had more than one billion spirit stones. However, she frowned and said, “You really don’t have any spirit stones?”

“Little Fairy, I really don’t have any!”

Yun chujie sighed and said, “Alright, then I will reluctantly agree with you. Let me tell you, Bai Mantou. If the quality of the spirit herbs is not good, I don’t want them.”

Bai mantou nodded repeatedly. After forming a seal with both hands, it disappeared. Two hours later, Bai Mantou returned and handed Yun chujie a large pile of spirit medicine with soil. Yun chujie glanced

at it. Some recognized it and some didn't, however, the grades were indeed all heaven rank. She was very satisfied in her heart, but on the surface, she said with disdain, "Is this all?"

Bai Mantou was afraid that Yun chujiu would not be satisfied, so he gritted his teeth and took out a few stalks. "Little Fairy, this is all I have. Please be magnanimous and sell me some of the power of lightning!"

Yun chujiu put away the spiritual medicine and then returned some of the power of lightning to Bai Mantou.

Bai mantou almost cried when he saw the power of lightning in his hands again. Why did he have to do this? After going through all this, not only did it lose a lot of heaven rank spirit herbs, but it also lost its integrity!

It should never have gone against this stinky girl. She was not a human at all. She was a pervert. She was a devil!

It decided that it would change that bullsh * t "Little Jiuhe" to "Devil River"!

Yun Chujiu was satisfied. She could not be bothered with BAI mantou. She hummed a little tune and left!

Bai mantou gritted his teeth. Although he hated Yun Chujiu to death, he did not dare to find fault with her anymore. He prayed in his heart that he should hurry to the day when the mystic realm was closed. Otherwise, this wretched girl might go and find him uncomfortable, he was really afraid of this monster!

Two days later, the day when the Great Wilderness Mystic realm was closed arrived. Everyone was sent out. Bai Mantou was completely relieved. He had finally sent that fiend away!
