

## The Yun Family's Ninth Child is an Imp! Chapter 1368

The students of Tianyuan Academy were all sent out one after another. As they had obtained many high-level spiritual herbs in the grand desolate realm, they were all extremely excited.

“Haha, I picked a low-level heaven-rank seven-leafed wooden lotus!”

“I also picked a heaven-rank seven-leafed wooden lotus. I also picked several high-level earth-rank spiritual herbs. I really struck it rich!”

“What are you guys talking about? Not only did Yin Sulian pick two sky rank mid-grade red bead soaring heaven grass, but she also picked more than ten earth rank herbs!” One of Yin Sulian's lackeys bragged.

Yin Sulian revealed a smug look. “It's just good luck. It's nothing.”

That lackey immediately shouted, “This luck is also part of your strength. Oh right, Yun Chujiu, what did you pick?”

Everyone's gaze focused on Yun Chujiu. Yun chujiu sighed, “My luck isn't very good. I only picked a few stalks of black grade spirit herbs. I can't compare to you guys.”

When everyone heard Yun Chujiu's words, although they didn't dare to mock her on the surface, they all felt very disdainful in their hearts. Tsk, what bad luck, to actually pick so few things.

When Feng Ming and the other two saw this, they quietly said to Yun chujiu, "Junior Sister Little Jiu, we've picked a lot of good stuff. We'll give you some when we get back."

Yun chujiu bared her little white teeth. "I'm lying to them! I'm not as stupid as them. If we get good stuff, we'll have to make a fortune in silence. If everyone knows about it, wouldn't it be bad if someone were to target us?"

The corners of Feng Ming and the other two's eyes twitched. Alright, we're stupid too. Junior sister Jiu is such a monstrous existence, how could she not get something good!

The things that the students picked could be exchanged for contribution points. Some of the students exchanged all the spirit herbs they picked for contribution points. Yun chujiu only took out a few stalks of black grade spirit herbs to exchange for dozens of contribution points and received a pile of rolled eyes.

Yun chujiu sneered in her heart. HMPH, sister doesn't want to exchange. Otherwise, just the nine nether stones in my storage ring would scare you to death.

Yun Chujiu felt the voice transmission talisman in the storage ring trembling. She took it out and took a look. One was di Beiming's and the other was Xue Wuji's.

Yun chujiu opened di Beiming's first. Di Beiming's concerned voice came from inside. "Little Jiu, did the grand desolate realm trial go smoothly?"

Yun chujiu was not surprised that di beiming knew that she had gone to the Great Wilderness Mystic Realm. After all, the Tianyuan Academy could not hide such a huge piece of news. She replied a few simple sentences and then could not wait to open Xue Wuji's voice transmission talisman, this fellow really wanted to know if Xue Wuji had been forced into a successful marriage.

Xue Wuji's sobbing voice came from the voice transmission talisman, "Little Jiu, little sister, I'm sorry. I originally wanted to celebrate your birthday, but this old man is really too strict with me! However, Little Sister Jiu, don't worry. I will definitely visit you if I have the chance!"

"Brother Wuji, I heard that you were forced to marry? What's the result?" Yun Chujiu asked with a wicked smile.

Xue Wuji's gnashing voice came from the voice transmission talisman. "HMPH! I'm brave and unyielding. Victory will eventually belong to me!"

Yun chujiu almost burst out laughing. She suppressed her laughter and replied, "Brother Wuji, I have high hopes for you!"

On the other side, Xue Wuji, who had been forced into a desperate marriage, was suddenly revived with full health!

Little Sister Jiu said that she has high hopes for me? I must not let down little sister Jiu's confidence in me. I must fight to the end. If my father has high hopes for that idiot, if it really doesn't work out, he can marry him himself!
