

The Yun Family's Ninth Child is an Imp! Chapter 137

No matter what time it was, there was no lack of spectators. Soon, there were more and more people behind Yun Chujiu. Most of them were from Middle Peak but there were also some from other areas.

The spectators were curious to find out what was going on. Since Liu Qingzhen could not speak and the other members of the law enforcement team did not know the whole story, Yun Chujiu patiently described the "truth" over and over again. After a few brainwashing sessions, even Yun Chusi and the others felt that that was the truth!

When the crowd heard what happened, they naturally could not help but scold Liu Qingzhen. In addition, the West Peak Law Enforcement Agency had offended a lot of people. Immediately, the crowd became excited. The few members of the law enforcement team were so scared that they did not dare to say a word.

Finally, they reached the West Peak. Liu Qingzhen and the others heaved a sigh of relief. How arrogant could these people be when they reach their territory?

The Law Enforcement Agency on the West Peak was located halfway up the mountain. When the disciples of the Law Enforcement Agency saw a huge crowd of people swarming over, they were shocked.

What was the meaning of this?

Why were there still people knocking on the basin and singing songs?

Liu Qingzhen's face was purple with anger. He rushed into the Law Enforcement Agency hall and found the manager, Qian Chong. He angrily gestured with his hands.

Qian Chong had always been good to Liu Qingzhen. That day's law enforcement order was also issued by him. When he saw Liu Qingzhen in that condition, he could not help but feel puzzled. "Junior Brother Liu, what's wrong with you? Say something!"

Liu Qingzhen was so anxious that he stomped his feet, but he still could not say a word. At that time, there was already an uproar outside the Law Enforcement Agency!

"Clear the name of our Middle Peak disciple!"

"Clear the name of our Middle Peak disciple!"

"Liu Qingzhen had gone too far!"

"Kick that scum Liu Qingzhen out of the Spirit Radiance Sect!"

...

Qian Chong was really a little dumbfounded. Did Liu Qingzhen not went out to arrest people? Why was he being chased out of the sect now? What was going on?

Qian Chong quickly called the people who followed Liu Qingzhen over. After asking about the situation, he frowned. He did not know whether Yun Chujiu had done it intentionally or not, but she had actually caused a huge commotion. If he did not handle it well, it would definitely cause the dissatisfaction of Middle Peak. At that point, it was better to ask Elder Xiao to handle it personally.

Qian Chong rushed to the door and cupped his hands at the crowd. "Everyone, please don't jump to conclusions before the matter is fully investigated. I will go and ask Elder Xiao to handle this matter personally. I will definitely get to the bottom of this!"

Seeing Qian Chong being so polite, the crowd did not dare to say anything else, so they temporarily quieted down.

Qian Chong did not dare to be negligent and hurriedly went to ask Elder Xiao Panshi.

“Elder Xiao! Something has happened at the Law Enforcement Agency!” Qian Chong rushed to the outside of Elder Xiao’s courtyard and reported anxiously.

“Something has happened? What happened?” Elder Xiao quickly walked out of the courtyard.

Qian Chong rambled on about what had happened. Elder Xiao frowned and said with slight disgust, “Yesterday, I said that this Yun Chujiu was opportunistic and restless. Indeed, she has only entered the sect for one day and has already caused such a big incident! How naughty!”

“Elder Xiao, why do you think Junior Brother Liu suddenly lost his voice?” Qian Chong was very puzzled.

“Hmph! That little girl has a lot of wicked ideas. She must’ve done something! This old man is not blind. Let’s go and take a look! “If what Liu Qingzhen said is true, this Yun Chujiu should indeed be expelled from the Spirit Radiance Sect!” Elder Xiao said angrily as he walked.

The two of them had yet to reach the Law Enforcement Agency when they heard someone screaming non-stop. It was like the wailing of ghosts and howling of wolves. It was too horrible to listen to!
