

## The Yun Family's Ninth Child is an Imp! Chapter 1375

Lan Luochen saw that Yun Chujiu did not speak and knew that what Di Beiming said should be true. He felt a wave of disappointment in his heart.

If Di Beiming did not come today to break through this layer of window paper, he would not have felt his thoughts. He did not expect to be frozen to death by a basin of cold water as soon as it sprouted!

“Your Excellency, even if Yun Chujiu has a fiancé, this does not affect the normal relationship between her and her classmates, right?” Although Lan Luochen’s heart was in turmoil, his face was still indifferent.

Di Beiming said coldly, “Of course it won’t affect her normal interactions, but isn’t young master Lan coming to Little Nine’s courtyard a little too frequently? Moreover, since young master LAN’s purpose in coming to Tianyuan Academy has already been achieved, shouldn’t he continue to return to the Heaven’s Fate Academy to study?”

A trace of displeasure flashed in Lan Luochen’s eyes. “Your Excellency, it’s my freedom to study where I want. Your control is a little too broad! Although the temple of Immortals has a high status, our northernmost land is not the territory of your temple of Immortals. Please be more polite!”

“Young Master Lan, are you trying to provoke me by saying this? Although the LAN family can be considered as well-known in the northernmost land, you are not qualified to challenge me!” Di Beiming’s aura became even colder, even Dean Huangfu, who had a high level of spiritual power, felt a little uncomfortable.

What was surprising was that Lan Luochen was not afraid at all, he sneered and said, "Everyone says that the supreme emperor is overbearing. The rumors are true. Just because I didn't do what you wanted, you want to destroy our Lan Family? How Outrageous!"

Yun chujia saw that the two of them were getting more and more aggressive. It was about to escalate to a fight between two major forces, she quickly came out to smooth things over. "Brother beiming, Lan Luochen, stop arguing. It's a big deal. I'll be more careful in the future!"

"Brother beiming, what good stuff did my aunt give me?" "Come in and give it to me. Coincidentally, I have something that I need you to bring back to my aunt." Lan Luochen, you should go back first. We will discuss the materialization of spiritual energy another day." Yun chujia winked at Lan Luochen.

Of course, Lan Luochen did not want to have a conflict with di beiming. Seeing that Yun Chujia gave him a way out, he said calmly, "Alright, since that's the case, let's talk another day. Goodbye."

After Lan Luochen finished speaking, he did not even look at di beiming. He squeezed through the crowd and left.

Yun chujia saw di beiming staring at her like a dead fish. He was like a wooden stake that was emitting cold air. She could only say, "Brother beiming, come in!"

Di beiming gritted his teeth and followed Yun chujiu into the courtyard. Then, he waved his hand and the courtyard door closed with a bang. He even activated the isolation array.

Although the people outside were extremely curious, they could not see what was happening inside.

“Black Thing, you’ve really grown up! You actually dared to talk back to me for such a thing? And you even went to the temple of Immortals to hang yourself? If you want to die, why don’t you die now for me to see!” Di beiming was so angry that he smashed the stone table into pieces with one palm.

Yun Chujiu was also angry. She had been holding back her anger for a long time. However, she did not lose her temper just now because of the presence of others. Now that she heard di beiming say this, she immediately placed her hands on her waist and pointed at di beiming’s nose to scold him:

“Pretty Boy, you still have the face to scold me? What is it that you don’t know how to tell me properly? You even brought a large group of people here. Are you trying to catch me in the Act? ! Didn’t I just chat with Lan Luochen a few times ? Do you have to be so jealous ? You are so jealous!”
