

The Yun Family's Ninth Child is an Imp! Chapter 1379

Yun chujiu snorted coldly, "How did you know? Did the gigolo tell you?"

An Feng heard this and even called the gigolo. This must be a hundred percent awkward, he carefully said to Yun chujiu, "Miss Jiu, your excellency would never tell me these things. It's just that the secret guards of the Temple of Immortals have been living a more complicated life recently, and they have all come to me for help. Can you please forgive me and make up with Our Excellency?"

Yun Chujiu was secretly happy. An Feng was really good at talking. She nodded and said, "Alright, you secret guards have also helped me a lot. This time, I will give you face. I will reluctantly forgive the Gigolo!"

"Miss Jiu, then... then can you send a voice transmission talisman to Our Excellency? Once Our Excellency hears your voice, he will definitely be in a good mood. My brothers will also be saved," an Feng said flatteringly.

Yun Chujiu was amused. "Alright, I'll send it when I get back. Don't worry, I'll keep my word."

An Feng was finally relieved. He sent someone to escort Yun chujiu back to the academy and immediately told an yin the news. An Yin then felt that he had something to look forward to in life.

After Yun Chujiu returned to the dormitory, she took out the voice transmission talisman and went into a daze.

In the past few days, she had also reflected on it. If she were to put herself in his shoes, she would also be furious if the gigolo would chat and drink tea with his female classmates whenever he was free. Therefore, it was not unforgivable for the gigolo to be angry.

However, the gigolo would break off their relationship at any time. This bad habit was really detestable. She had to turn things around for him.

Di beiming was training the dark guards in a cold atmosphere. He felt the voice transmission talisman in his storage ring vibrate. When he took it out and saw that it was sent by Yun Chujiu, his hand trembled slightly.

Little Jiu sent him a voice transmission talisman? Did she realize her mistake? Was she apologizing to him?

HMPH! Even if she apologized, I won't forgive her so easily. I won't even look at her voice transmission talisman!

Di beiming gritted his teeth and stuffed the voice transmission talisman back into his storage ring. He was prepared to ignore Yun Chujiu's voice transmission talisman.

However, in less than ten breaths, he took out the voice transmission talisman again. HMPH! This lord was magnanimous. There was no harm in listening to her apology.

"Male god, sigh, I know I was wrong."

Di beiming was very pleased when he heard this. The black thing was really here to apologize to him.

"Indeed, I shouldn't have been intimate with Lan Luo Chen. Although I have a clear conscience, I am someone who has a boyfriend after all, so I was wrong about this matter."

When di beiming heard this, his mood was extremely good. He felt that the depressed mood he had for so many days had completely disappeared!

"But, you have already said that you will never appear in front of me again. I'm afraid that I won't have the chance to be with you again. My Heart is broken! "Prince Charming, my heart has already been

broken into 108 pieces. I'm living a life worse than death right now. Just treat it as if I'm Dead!" Yun Chujiu's voice was filled with tears at the end of her sentence.

When di Beiming heard it, his heart almost ached to death. He did not care about whether he could forgive or not. He quickly took out the voice transmission talisman and said, "Little Jiu, I, I said it in anger. I will come and see you in a few days."

On the other side, Yun Chujiu was sitting cross-legged on the bed. She was nervously staring at the voice transmission talisman.

After seeing the voice transmission talisman tremble, she quickly sent her spiritual sense in. After hearing di Beiming's words, her heart felt sweet, sour, and a little bitter. She couldn't help but cry.

She touched her chest. Was this the taste of Love?
