

The Yun Family's Ninth Child is an Imp! Chapter 138

Elder Xiao and Manager Qian hastened their steps. When the onlookers saw Elder Xiao coming, they bowed and made way for him.

Elder Xiao snorted coldly and passed through the crowd. He saw a disciple lying on the ground, crying and rolling around.

“Junior Brother Liu?” Manager Qian was shocked. “What are you guys standing there for? Hurry up and help Junior Brother Liu up!”

“Senior Brother Qian? Elder Xiao?” Liu Qingzhen’s nose was full of snot and tears. “You must help me make a decision! This Yun Chujiu actually hit me in public! She’s extremely arrogant!”

Manager Qian was stunned. “Junior Brother Liu, you can speak now?”

Only then did Liu Qingzhen come to his senses. He pointed at Yun Chujiu and shouted, “It must be this damned girl’s doing! Elder Xiao, you must drive this Yun Chujiu out of the Spirit Radiance Sect!”

Elder Xiao looked at Yun Chujiu unhappily. Looking at Yun Chujiu’s attire, he became even more displeased. She was such a good girl. Why was there a handkerchief wrapped around her head? She actually had two small tails. With one look, it was obvious that she was not well-behaved!

There was also a fire-breathing crow on her shoulder. That fire-breathing crow stared with its pea-sized eyes and opened and closed its mouth. No one knew what it was doing. It did not look likeable! What kind of master would have a spiritual pet like that!

In fact, the little black bird was secretly talking about making Elder Xiao fall. Unfortunately, it did not work even after eight times.

“Yun Chujiu, how do you explain it? Let’s not talk about what happened before. Why did you beat up a disciple of the Law Enforcement Agency outside West Peak Law Enforcement Agency?” Elder Xiao asked unhappily with a sullen face.

Yun Chujiu glanced at Elder Xiao. ‘So this was the white trash man’s backer. One look and you could tell that he’s old-fashioned!’

“Elder Xiao, it’s not that I want to beat up Liu Qingzhen, but he took the initiative to provoke and beat me up. I dodged a few times, but he was still aggressive. I accidentally touched him. In all conscience, I just touched him lightly, and he laid on the ground and cried like a ghost! This really isn’t my fault!”

“Nonsense! What nonsense! Why would Liu Qingzhen beat you for no reason?” Elder Xiao was very unhappy, and the pressure spread in all directions. The people present felt suffocated and very uncomfortable.

Yun Chujiu said calmly as if nothing had happened, “Elder Xiao, if you don’t believe me, you can ask the people here whether I’m lying.”

Elder Xiao pointed at a disciple of the West Peak. “You. Tell me what happened just now. If you dare to lie.. Hah!”

Under Elder Xiao’s pressure, that disciple did not dare to hide and told the truth about what happened just now.

“After Manager Qian left, Yun Chujiu rolled her eyes and thought to herself. She pointed at Liu Qingzhen’s mute acupoint. That Elder Xiao might be able to find out. It was better for her to find a way to untie his acupoint.

“Liu Qingzhen, when Elder Xiao comes later, I advise you to turn yourself in! Be lenient if you confess and be strict if you resist. Don’t resist stubbornly and make mistakes again and again!” Yun Chujiu said with a sincere tone.

Liu Qingzhen was already full of anger. Now that Yun Chujiu said that, he was so angry that his eyes were red!

Yun Chujiu acted as if she did not see it and continued, "Liu Qingzhen, do you already know that you're wrong? Is that why you've been speechless? This shows that you still have some sense of shame. You're not too much of a bastard..."

Before Yun Chujiu could finish her words, Liu Qingzhen jumped over and raised his hand to slap Yun Chujiu's face.

Yun Chujiu turned to the side and said aggrievedly, "Liu Qingzhen, have you lost your mind? Everything I said was good!"

The more Yun Chujiu talked, the angrier Liu Qingzhen became. He attacked Yun Chujiu repeatedly. Just when the crowd was about to stop him, Yun Chujiu seemed to have inadvertently bumped into Liu Qingzhen, and Liu Qingzhen fell to the ground. He started to cry like a ghost and howl like a wolf."

Elder Xiao asked a few more disciples. There was almost no difference in what he said. Elder Xiao glared at Liu Qingzhen. That little girl was obviously trying to provoke him. This idiot actually went up and let someone beat him up! He deserved it!

Elder Xiao looked at Yun Chujiu coldly. "Let's not pursue this matter. What happened when you set the mountain on fire yesterday? The law enforcement team went to stop it, and you even hit someone? You're really lawless! According to the sect rules, you should be expelled from the sect!"
