

## The Yun Family's Ninth Child is an Imp! Chapter 1380

Yun chujiu wiped her tears with her sleeve and said to the voice transmission talisman in a low voice, "Yes."

On the other side, di beiming was sweating profusely. When he heard the "Yes", the worry in his heart instantly turned into a soft feeling.

"An Yin! Go to the Tian Yuan Academy with me immediately!"

An Yin heaved a sigh of relief in his heart. Oh My God, the rain has finally passed and the sky is clear. Our revered lord was completely eaten up by Miss Jiu. Previously, he was so angry that he looked like a dead man. Who would have thought that Miss Jiu would use a voice transmission talisman.., our esteemed lord is so eager to go over.

Three days later, di beiming arrived at the Tian Yuan Academy. This time, he directly activated the concealment talisman and did not alert anyone else.

Yun Chujiu was sitting on the recliner and muttering to the little black bird, "Xiao Hei, do you think the gigolo has really forgiven me?"

"Master, didn't the gigolo say that he came to see you? Then he has forgiven you!"

“Sigh!”! “Actually, Lan Luochen is really a good person. I just treat him as an ordinary friend. The gigolo is too jealous!”! “But, I thought about it. If he and Qin Mingzhu or Baili Yan also drink tea and chat from time to time, my heart would be burning with anger. So, I’d better not interact with him in the future.”

“Master, if you met Lan Luochen first and not the gigolo, which person would you choose?”Xiao Heiniao stared at him with his bean-like eyes and asked curiously.

Di beiming, who was hiding in the dark, felt his heart stop beating. He clenched his fists and stared nervously at Yun Chujiu.

An Yin was about to cry. Miss Jiu, Miss Jiu, please don’t give me any bad answers. Otherwise, we will continue to live in hell!

No one expected Yun chujiu to giggle. “Xiao Hei, your question is too lame! There are no assumptions. Love doesn’t make sense. It doesn’t matter who is good.

Anyway, I now think that the gigolo is pretty good. Although he is a little arrogant and always leaves home for me, I still like him.

Moreover, when I was the ugliest and most useless person, the gigolo actually fell in love with me at first sight. This means that the gigolo loves my inner self. How can I not like such a Gigolo?”

Di beiming, who was hiding in the dark, was stunned when he heard Yun Chujiu's words. Joy slowly spread from the bottom of his heart. There was only one voice in his mind: Little Jiu likes me, Little Jiu likes me..

"Master, then you won't bother with Lan Luochen in the future?"

"A gentleman's friendship is as light as water!" "I have to consider the gigolo's feelings. Otherwise, that Tsundere will definitely smash the door again. I'm puzzled. Other people lack metal, wood, water, fire, and earth, but does he lack a door? "He just uses the door to vent his anger. That's Enough!"

"Lack of a door in the five elements?"?

An Yin almost laughed out loud. Di beiming glared at an yin before coughing and revealing himself.

Yun Chujiu was stunned when she saw di beiming. Then, she wailed, "Wu Wu, Damn Gigolo, didn't you say that you would never see me again? Why are you still here? You Bastard!"

Di beiming hugged Yun chujiu in his arms and said solemnly, "Black Thing, I promise you that I will never say that I will never say that I will never see you again. Even if you use a rolling pin to chase me away, I will never leave you."

An Yin felt that his teeth were a little sore. Damn, this was too shocking. Our lord could actually say such words. I can only say that Miss Jiu is awesome!
