

The Yun Family's Ninth Child is an Imp! Chapter 1394

Yun Chujiu naturally wouldn't let go of such a good opportunity to attack. Several small purple needles shot towards the four of them.

The four of them were choked by the Chili and couldn't even open their eyes. They could only activate their defensive spirit tools to block the small purple needles outside.

Yun Chujiu released a few more spiritual energy piglets. Those spiritual energy piglets lay on the defensive barrier and began to gnaw on it. Very quickly, they broke through a layer of the defensive barrier.

Yun Chujiu's heart was filled with incomparable resentment. If only I could use talismans. I could just use a sack of exploding talismans to finish them off. Now, I can only rely on the piglets to gnaw on it.

However, I have plenty of piglets. I don't believe that I can't Gnaw Through Your Spiritual Barrier!

Yun chujiu waved her hands non-stop. An endless stream of piglets with spiritual power began to gnaw on the defensive barrier. These people from the Netherworld Hall did not have as many defensive spiritual weapons as Yun Chujiu. Very quickly, the defensive spiritual weapons were used up, they could only accept the battle with their eyes red and swollen.

The four of them fought and retreated at the same time. It was obvious that they were planning to escape. Seeing that they were already quite far away from the battlefield, Yun Chujiu simply released five puppets.

“Number one, two, three, four, five, kill them all. Finish the battle as soon as possible. Leave No one alive.”

When the four of them saw the puppets that Yun Chujiu released, they were completely dumbfounded. The smelly girl still had a refined iron puppet? However, she was 80% certain that she did not know that this puppet could only be used for defense. What an idiot. If this puppet were to be used for defense, it would only be a hindrance. It might even kill her.

Unexpectedly, the five puppets charged straight at them. The sharp forks on their arms emitted a cold light, and their movements were extremely agile..

Before the four of them died, they still did not understand how a puppet that was clearly used for defense could attack. Furthermore, it was quite intelligent. This was impossible, this was impossible..

Yun chujiu hurriedly rushed back to the battlefield over there. Although the students of Tianyuan Academy were at a disadvantage, it was fortunate that there were many of them. As soon as Yun chujiu arrived, the situation immediately became clear.

After an hour, the remaining three people were also killed by the crowd.

Those students immediately collapsed onto the ground. This kind of danger was truly terrifying.

Everyone calmed down and thanked Yun chujiu one after another.

“Yun Chujiu, it’s all thanks to you this time. Otherwise, we would have died.”

“Yun Chujiu, thank you! You Are Our Savior!”

“Yes, Yun Chujiu, i... I used to say bad things about you behind your back. From now on, you are my Savior. If anyone dares to slander you again, I will help you vent your anger.” A girl said with a guilty expression, she had always spoken ill of Yun chujiu behind her back, especially after Lan Luo Chen came.

..

Yun chujiu waved her hand carelessly. “We are all classmates. It’s only right for us to help each other. I have already killed a group of them. The Netherworld Hall has sent a total of them this time...”

Yun chujiu told them what she knew and then said, "I have already sent seven people to deliver a letter to everyone, but it's still a drop in the bucket. If you have nothing else to do, go and deliver the letter as well."

"Don't worry, I'll explain the situation to Deputy Dean Xiao. This year's mid-year grand competition is a special occasion, so students might not be eliminated. If you really want to be eliminated, I'll think of a way to protect you."

Everyone saw that Yun Chujiu had already said so much, and it was a matter of saving people, so they naturally wouldn't refuse. They agreed and left.

Seeing that they had left, Yun chujiu continued to walk forward. This guy was counting on his fingers. Out of the twenty teams, I've already killed two, and there are still eighteen teams left. Scum, you all better pray that I don't run into them..., otherwise, if I run into any of them, I'll kill one of them!

TSK TSK, I wonder if Vice Palace Master Liu will be so angry that he'll vomit blood after I've ruined the plan of the Netherworld Hall once again? Thinking about it, it was truly wonderful!
