

The Yun Family's Ninth Child is an Imp! Chapter 1399

After running out for nearly two hours, the people of the Nether World Palace finally caught up and surrounded Yun chujiu.

The leader was none other than Dharma Protector Lin. It was not easy for the big fish, Yun Chujiu, to bump into him, so he was naturally worried, so he personally brought people to chase after her.

Although he felt that he alone was enough to deal with such a little girl, he still brought more than forty people to be safe. As for the captives, their spiritual power had already been restrained, so they were not worried that they would run away. Moreover, it did not matter even if they ran away. The most important thing was to capture Yun Chujiu.

“Little girl, you are quite good at running, but now you have no chance of escaping. be obedient and surrender. Otherwise, if we don't make a serious move, you will suffer.”Dharma Protector Lin felt that Yun chujiu was already in their hands, he looked very proud.

“I am puzzled. I didn't provoke the Netherworld Hall. Why do you have to capture me?”Yun chujiu blinked her eyes and said angrily.

“You are the one that the higher-ups want to capture. As for the reason, when you return with us, you will naturally know. Cut the crap and surrender obediently.”

Yun chujiu sighed helplessly. "Alright, since you have the advantage in numbers, I can't beat you. Come, tie me up and bring me back for the reward."

Dharma Protector Lin pointed at the two of them. "You two, restrain her spiritual power and tie her up with a rope."

The two people who had been assigned immediately took out the rope and walked forward, wanting to tie Yun chujiu up. At this moment, Yun Chujiu waved her hands repeatedly, and several small purple needles flew straight towards their eyes.

The two of them reacted rather quickly. They dodged more than half of the small purple needles, but there were still a few small purple needles that pierced into their faces. Along with the sound of explosions, the two of them screamed repeatedly, although they did not die on the spot, however, their faces were also badly mutilated from the explosions.

Taking advantage of the time when everyone was still in a daze, Yun chujiu waved her hands repeatedly and the small purple needles continuously shot towards the people of the Netherworld Palace.

However, those people were already mentally prepared, so they dodged Yun Chujiu's small purple needles one after another. Dharma Protector Lin flew into a rage out of humiliation. "Stinky girl, if you refuse a toast, you'll have to drink the forfeit! Go! Take her down and leave her alive."

Yun chujiu shouted, "Wait! Is that all your Netherworld Palace has? Do you still want to gang up on a little girl at the fifth level of the spirit sect? Do you dare to fight me one-on-one?"

Yun chujiu did this naturally to stall for time. Once Lan Luo Chen succeeded, when the reinforcements arrived, she would be saved.

A bearded man said to Dharma Protector Lin, "Dharma Protector Lin, I'll take care of her. I can deal with a little girl at the fifth level of the Spirit sect alone. Zhu Qi and Zhang Yao were just careless, so they were tricked by her."

Dharma Protector Lin also felt that his two subordinates were careless, so he said to the bearded man, "Liu Zhuang, I'll leave this stinky girl to you. Don't accidentally kill her."

Liu Zhuang, who was also the bearded man, looked at Yun chujiu with disdain. "Stinky Girl, didn't you want to fight one-on-one? I'll accompany you for a few moves and let you see the power of the Netherworld Palace."

"Pui! You look like a bear, you don't know how to speak! What Power do you have? I will kill you!" Yun Chujiu said with a smile.

Liu Zhuang was so angry that his face turned red. He attacked Yun chujiu with his spiritual power, not to mention that Liu Zhuang's spiritual beast was actually a bear.

“Aiyo, I told you. You look like a bear, so spiritual beasts are also bears, Hahaha!” Yun Chujiu said as she dodged. She did not release the spiritual pig, but used the small purple needle to fight, she did this naturally to delay for a while more.
