

The Yun Family's Ninth Child is an Imp! Chapter 1406

After climbing up the hole, Yun Chujiu found that there was actually a cemetery.

One grave after another, there was no end in sight.

Even Yun Chujiu, who was extremely bold, felt a cold breeze behind her.

However, since she had already come up, she couldn't go down no matter what. She could just walk forward and take a look.

There were no gravestones on the graves, so she could not determine who the graves belonged to.

Yun chujiu could not help but complain. What the F * ck? The weapon spirit of the Misty Valley was simply abnormal. It actually locked her under the cemetery. Moreover, it might also be living nearby. This taste was really strong.

Yun chujiu quickly found something strange. These graves were actually emitting a continuous stream of mist. Could this be the source of the mist in the Misty Valley?

How could there be mist in the tombs? How Strange!

However, since these were the source of the mist in the valley, it meant that she would be able to reach the valley as long as she continued walking. This way, if the Misty Valley appeared again, she would be able to be ejected out, this could be considered a harvest.

Yun Chujiu was a little hungry as she walked. Hence, she did not care whether this was a graveyard or not. She took out a steamed bun and started eating. As she ate, her heart stirred.

She thought of the process of steaming the buns. These graves were similar to the buns, so the source of the fog was under these graves. The source of the fog was naturally related to the Qi ling, which meant.., the Qi Ling was under this grave!

What a cunning Qi Ling. No one would open this grave. Humph, it's a pity that you met me!

Yun chujiu finished the steamed buns in a few mouthfuls. Then, she picked a random grave and bowed. "I'm really sorry. I'm also trying to survive. Please forgive me for disturbing you!"

Yun Chujiu said a few words and then took out her pickaxe and started digging!

The Qi Ling below was completely dumbfounded!

Oh My God!

What kind of intrepid pervert was this!

It was already perverse enough to come out of the tomb!

Why did she dig the grave?

Could it be that she had guessed that it was hidden under the cemetery? No Way? How could she have guessed it?

Yun chujiu dug with her pickaxe and found a hole. There was a continuous stream of mist rising from the hole. It was just as she had expected.

Yun Chujiu said coldly to the hole, "Qi Ling, I know you are hiding under here. Either you bring me in or you come out. Otherwise, I will put some bad things in the hole, such as chili noodles or some rapeseed oil!"

The Qi Ling sat on the ground. It was over. Sure enough, this pervert had found its hiding place. What should it do? Fighting was done by Barbarians. It didn't care! Alright, it couldn't beat her either. What should it do?

“Qi Ling, I'll count to three. If you still don't move, I'll pour the Chili and peppercorn noodles. When the time comes, the mist you leave here will turn into a spicy flavor. It will definitely be very popular with the demon beasts. They will definitely be very grateful to you.”

Qi ling almost fainted from anger!

You are simply spouting nonsense!

I've never heard of any spicy flavor in the mist!

It's not like it's stir-fried vegetables!

Seeing that Yun Chujiu really took out a big sack, Qi ling could only grit his teeth and bring Yun Chujiu in.

Yun chujiu only felt a white light flash in front of her eyes. When she opened her eyes again, she realized that it was actually in a luxurious, uh, tomb room. It had to be said that the Qi Ling of the Misty Valley really loved the tomb!
