

The Yun Family's Ninth Child is an Imp! Chapter 1407

When Yun Chujiu saw the Qi Ling, she finally understood why it loved tombs so much. This Qi Ling was just a little skeleton.

The little skeleton sat on a luxurious coffin and said fiercely, "Why did you see me? You destroyed my big tomb and I didn't even bother with you. What else do you want?"

Yun chujiu placed her hands on her waist, she pointed at the little skeleton and scolded, "You Little Skeleton, you still have the face to say that? Ah, no, you have no face to begin with! You heartless, shameless little skeleton. If not for you, would I have been trapped in that large tomb? If not for you, I would have already left! Do you think I want to see you? You shameless little skeleton!"

The skeleton's skeleton turned red. "You! You're courting death!"

"Yeah, I'm courting death. If you have the ability, can you kill me?" Yun Chujiu said fearlessly. She had already discovered that these artifact spirits were restricted by the rules and had no way to directly kill cultivators, they could only use some underhanded tricks to prank people.

The little skeleton was so angry that it was about to fall apart. It said fiercely, "I won't kill you now. I want to keep you trapped here. Even if the Misty Valley opens up, you won't be able to get out!"

Yun chujiu shrugged. "It doesn't matter. Anyway, this house looks pretty good. It's much better than the large tomb room I had before. From now on, we'll be neighbors. Don't worry, I'm definitely a good neighbor of Tianyuan. I Won't Bully You."

The little skeleton looked at her with a dumbfounded face. Yun Chujiu took out a recliner and then sat on it. She took out a story book and read it leisurely as if she was at home.

The little skeleton gritted his teeth. She must be faking it. He did not believe that she was not afraid. HMPH, let's see how long you can last.

From this day on, Yun Chujiu and the little skeleton became "Neighbors".

Yun Chujiu ate and drank every day. She completely ignored the existence of the little skeleton. It was not right. She would occasionally be angry at the little skeleton.

"Sigh! People are still the best. At least everything tastes good. It is not like some things can only be seen and eaten."

"TSK tsk, I originally thought that the radish spirits and Xiao Hei's white steamed buns that I saw in the past were ugly enough. I didn't expect that they would only be uglier. Little Skeleton, you have really refreshed my understanding of the Qi Ling!"

“Little skeleton, do you look at yourself in the mirror every day? Do you think that if you look at yourself in the mirror every day, you will be so scared that you will faint?”

..

The little skeleton was so angry that the color on its body turned red and white, then white and red again. “Stupid girl! Don’t think that I can’t do anything to you! Do you know how the Mist is created?”

Yun chujju curled her lips and said disdainfully, “How would I know? ! Could it be that you created it?”

“Of course I didn’t create it!” To tell you the truth, there was a poisonous spring at the bottom of the Misty Valley. This poisonous spring was very strange. Although the spring water was extremely poisonous, the mist emitted by the spring water was not poisonous. Moreover, it had a very good nourishing effect on the spiritual plants.

“Without the mist of the poisonous spring, the underground spiritual mushroom would not be able to grow at all. Therefore, only the misty valley has underground spiritual mushrooms.”

Yun chujju blinked her eyes and said, “HMM, what you said is interesting, but what does it have to do with me?”

“What does it have to do with me? If you don’t apologize to me and acknowledge me as your master, I will throw you into the poisonous spring. In that case, you will be poisoned to death immediately!”The little skeleton said fiercely.
