

The Yun Family's Ninth Child is an Imp! Chapter 1417

The second-year students of Tianyuan Academy came over to greet Yun Chujiu. Although they inevitably had human weaknesses, such as greed and selfishness, but at the very least, they knew how to be grateful. If it wasn't for Yun Chujiu., they would have been killed by the people of the Netherworld Palace long ago.

When Yin Sulian saw that not only did Yun chujiu not die, but also gained a higher prestige, the jealousy and resentment in her heart spread like poisonous weeds.

She rolled her eyes, she said mockingly, "Yun Chujiu, haven't you always thought of yourself as smart? Now is a good opportunity for you to become famous in the world! Our Tian Yuan Academy has already lost two rounds of the armament refining and array formation competition. If we lose this round of pill refining, then the first phase of the competition will be completely lost.

If you have the ability, you can go on stage and participate in the pill refining competition. If you can get first place in the pill refining competition, then I, Yin Sulian, will definitely not find trouble with you from now on."

Many students could not bear to hear this!

"Yin Sulian, you are simply finding trouble! Yun Chujiu has never learned alchemy, how can she participate in the Alchemy Competition?"

“That’s right, Yin Sulian, what kind of trick are you playing? I think you want to avenge your sister, so you framed Yun Chujiu.”

“Yun Chujiu, don’t pay attention to her. If you were a beast controller, you could go up, but you did not choose to practice alchemy, so it would be useless to go up.”

“Right, just treat her as if she is talking nonsense. Don’t pay attention to her!”

..

Yun Chujiu was confused. She really didn’t know why these people gathered here.

That day, she threatened the little skeleton to send her out of the Misty Valley. The little skeleton was forced to run straight into the wall. After thinking hard for a few days, he finally thought of a solution.

“Little Fairy, there is a burning sky plain at the border between your Tian Yuan continent and the Netherworld continent. There will be occasional heavenly flames there.” “The source of those heavenly flames is a volcano in the void. The occasional fireballs will pass through the void and arrive at the Burning Sky Plain. I will send you to the crater of the volcano. When you find that there are fireballs coming out, you will sit on the fireballs and you will naturally be able to return to the Tianyuan Continent.”

Yun chujiu was so angry that she kicked the little skeleton into pieces. “You little skeleton, what kind of Bullsh * t method is this? You even sent me to the crater of the volcano? You even made me sit on the fireball? You are afraid that I won’t be able to die, aren’t you? You want me to directly turn into volcanic ash, aren’t you?”

The little skeleton repeatedly begged for mercy. “Little Fairy, don’t be anxious. Listen to me!”

“Hmph, I want to hear what you have to say. If what you say doesn’t satisfy me, I will throw your parts into the poisonous spring.”

“Little Fairy, of course you can’t go like this, but I have an immortal item. After you activate it, not to mention the volcano’s flames, even the ten-thousand-year-old fire marrow won’t be able to burn you to death.”The little skeleton wanted to cry, but no tears came out, this is really asking for the gods to send the gods away easily, I’m really unlucky! That immortal item was obtained with great difficulty, but now, it was given to the little girl!

Yun Chujiu’s eyes immediately lit up. “There’s such a good treasure? Take it out, take it out, let me try!”

The little skeleton took out a bead with a pained expression. “Little Fairy, this is the fire repelling bead. Legend has it that it’s an immortal item refined from the inner core of the Nine Heavens Ice Dragon. Once you activate it, you won’t be afraid of being burned by fire.”

After Yun Chujiu took it, it was ice-cold in her hands. She looked at it and still couldn’t believe that such a small bead could ward off fire.

Therefore, she summoned the little black bird. “Xiao Heinia, spray a fireball on me. I will try the power of this so-called fire-repelling bead.”
