

The Yun Family's Ninth Child is an Imp! Chapter 1419

Feng Ming and the other two were somewhat confident. They knew that Yun Chujiu knew how to concoct pills in the Tian Yuan continent. The Heaven and earth marrow cleansing pill that she had given them was a high-grade pill.

As for the talisman seals, she had given them a huge stack of them. She even said that they were her family's property. It was likely that little ninth junior sister had drawn them herself.

There was no need to mention beast taming. Even if Junior Sister Little Nine's beast taming skills could not be compared to others, she might be able to trick the demon beasts into her hands.

Everyone tried to dissuade her. Yun chujiu winked at them. "Anyway, aren't there five spots? It's not a big deal for me to occupy one spot. I'll go talk to the Dean."

Everyone watched helplessly as yun chujiu hopped to Dean Huangfu and looked at Yin Sulian with reproachful eyes.

Yin Sulian snorted coldly. "I didn't use my sword to force her. What does it have to do with me if her legs are on her body?!"

Everyone dared to be angry but didn't dare to say anything. They could only turn their gazes towards Dean Huangfu. They felt that even if Yun chujiu were to cause trouble, Dean Huangfu wouldn't agree to it.

What they didn't expect was that Yun Chujiu had activated the isolation disk. They didn't know what she had said to Dean Huangfu, but Dean Huangfu had actually waved at a boy who was preparing to participate in the pill refining competition.

The boy didn't understand what was going on. After walking up to Dean Huangfu, dean huangfu said, "Let Yun Chujiu have your spot in the alchemy competition this time. In order to make up for your loss, you will be rewarded with 200 academy contribution points."

The boy couldn't ask for more. The pressure in his heart was very great. If he lost this round, he wouldn't be able to raise his head in the Tian Yuan Academy in the future. Since Yun Chujiu was willing to go up and embarrass herself, why wouldn't he agree? Moreover, he still had 200 academy contribution points!

Thus, Dean Huangfu asked the instructor to inform the host and the referee that the candidates for the pill refining competition had changed.

Baili Yan saw that Yun Chujiu had replaced that male student, and she despised Yun Chujiu in her heart. This Yun Chujiu was really relying on the wife of the Hall Master to misbehave. She actually dared to misbehave at such an important occasion, just waiting to be embarrassed!

The elixirs refined in this competition would definitely not be lower than grade 8. Even if Yun chujiu had learned to refine elixirs in the Qing Xuan mainland, she would at most be able to refine grade 5 or grade 6 elixirs. She really overestimated herself!

When di Linhan saw that Yun Chujiu had followed the team up to the competition stage, the corners of his eyes twitched violently. This little girl was really causing trouble! You Don't even know how to refine elixirs, what are you going up for? Aren't you just trying to embarrass yourself?

The middle aged man who was sitting beside di Linhan was Xue Wuji's father, Xue Ruthless. He frowned slightly. This Yun Chujiu really did not know how to behave. was such an important occasion a place for you to mess around? No Wonder Wuji was able to take a fancy to her. It turned out that they were all messing around!

The Netherworld Palace had also discovered that the Tian Yuan Academy had temporarily replaced Yun Chujiu. They sneered in their hearts. This Yun Chujiu really thought that she was omnipotent? She was really asking for humiliation!

The host saw that everyone who had participated in the competition had already arrived, so he announced the content of the Alchemy Competition: to refine a grade-8 bone healing pill, the time limit was two hours.

Different grades of medicinal pills had different points. If the points were the same, then those who used less time would be ranked at the front.

Yun Chujiu did not use the heaven and Earth Heaven and earth furnace. The pretty boy had once said that this thing was a treasure, so it was better for her not to take it out. Moreover, for Grade-8 medicinal pills, it was enough to use an ordinary alchemy furnace.

Therefore, the alchemy furnaces that the other nine people took out were either immortal or high-grade spirit tools. Only Yun Chujiu took out the cheapest low-grade alchemy furnace.
