

The Yun Family's Ninth Child is an Imp! Chapter 1421

When Yun Chujiu heard the referee say that... , she then said with a grin: "Then I will be at ease. I am just afraid that if I really get first place, some people will find fault with me. After all, at such a young age, having such heaven defying talent in alchemy is really too unbelievable!"

Some people almost vomited!

[Emma!]!

This person was so narcissistic that there was no one else!

The corners of Di Linhan's eyes twitched violently. [my son's taste is indeed unique!]!

At the side, Xue Li had the same thought in his heart. [could it be that Wuji likes this kind of style?]? [no wonder the women i arranged for him a few days ago did not like it. Looks like I have to help him find such a woman in the future. But with such thick skin, I'm afraid there aren't many of them in the Tian Yuan continent, right?]?

The host coughed dryly. "Since Yun Chujiu's pot... Ah, the alchemy furnace has been cleaned. The competition has officially begun! The competition will last for two hours, and the refining of the pills will be called the Bone Recovery Pill."

Following the host's command, the contestants on the stage began to warm up the alchemy furnace and began to refine the pills.

Only Yun Chujiu was slow and unhurried. Her movements were more than twice as slow as the other contestants. The crowd immediately began to discuss among themselves.

"I think that Yun Chujiu doesn't know how to refine pills at all. She just went up to show off!"

"That's right! She was set to finish refining within two hours. In my opinion, it would be impossible for her to successfully refine pills by then. She would probably only be able to make a pot, ah, a cauldron of Spirit Medicine Juice."

"However, it's a good thing that our Tianyuan Academy still has Baili Yan. Look at how skilled her movements are. She will definitely be able to defeat Netherworld Academy in this round."

..

Thank you for reading on myboxnovel.com

Dean Huangfu's heart was about to collapse!

Little ancestor, didn't you say with a face full of certainty that you know how to refine pills? I had to make a great deal of determination before I believed you. You Aren't really going up to cause trouble, right?

At this moment, the other contestants had already placed all the herbs into the pill refining furnace. They also closed the lid of the pill refining furnace and began to refine. Only Yun chujiu was still putting spirit herbs into the furnace one by one, it was so slow that it was as if she had not eaten!

Actually, this fellow's heart was bitter! ! Was it easy for me? ? ! If I did not stall for time like this, I would have finished refining the pills in less than 15 minutes. Wouldn't that be too eye-catching. ? So I had to stall for time. I reckon that if I used an hour to refine it, it would not be so eye-catching.

After the other contestants had already refined for 15 minutes, Yun Chujiu then placed all the spirit herbs into the alchemy furnace. She did not even close the lid of the alchemy furnace. She just left the lid open to refine.

Everyone was speechless!

Why did it seem like Yun chujiu was cooking porridge? Were you afraid that the medicinal juice would overflow? And you even opened the lid to refine pills?

Ninety-nine percent of the people thought that Yun Chujiu was messing around. This little girl was really too jumpy. Was she messing around in such a situation? She was really too much!

At this moment, everyone was stunned by Yun Chujiu's next action!

They saw Yun Chujiu pick up a purple-gold vine, break off a section, and throw it into the alchemy furnace. After a while, she threw in another two stalks of purple garden grass..

"Oh my God, this Yun Chujiu really seems to be making porridge! I've never seen anyone add medicinal herbs in the middle of refining pills."

"Yeah, this is the first time I've seen it. Could it be that she thinks that refining pills is like frying vegetables, adding salt when it's light and sugar when it's sour?"

"Haha, Maybe You're Right! I don't think Yun Chujiu knows alchemy at all. She's just frying vegetables!"
