

The Yun Family's Ninth Child is an Imp! Chapter 1433

As it was already noon, the host announced that he would rest for two hours before continuing with the talisman competition.

Compared to the happy and harmonious atmosphere on the Tian Yuan continent, the atmosphere on the Netherworld continent was much gloomier. The main reason was that Si Tushi had lost face, so his mood was naturally very bad. Other people cared about his mood.., he didn't even dare to speak loudly.

Si Tushi's face was gloomy as he gathered the ten students who had participated in the Talisman and Beast Taming competition in the afternoon. "You must give your all in the afternoon's competition. If anyone can obtain first place, we will focus on grooming him in the Netherworld Academy in the future. Do you understand?"

The ten students nodded their heads in agreement. Only then did si tushi let them go back to prepare.

Si Tushi glared viciously at the direction of Tian Yuan Academy. Humph, the current score was 2 to 1. They still had the initiative. As long as they won the talisman competition, the final Victor would still be their Netherworld Academy! Furthermore, they had prepared everything for the talisman competition.

Yun Chujiu took out the pill furnace that Si Tushi had 'gifted' her. She used clean water to brush it before starting to eat the hot pot.

Everyone looked at Yun Chujiu who was eating happily with a dumbfounded look on their faces. Damn, so what that student from the Huang class said was true. This guy really used the alchemy furnace as a hot pot!

Some alchemists even thought that Yun Chujiu was able to refine superior-grade pills because she used the alchemy furnace as a hot pot? Why don't they try it in the future?

After eating and drinking her fill, Yun Chujiu began to think about the upcoming talisman competition. If it was just a regular talisman competition, she was naturally not afraid. She was only afraid that there would be some tricks in it. When the time came, she would have to be more vigilant.

Dean Huangfu asked a student with slightly lower results to give the slot to Yun Chujiu, and that student agreed readily. He was originally not confident, so he gave the slot to Yun Chujiu eagerly.

Soon, two hours had passed, and the participants of the talisman competition stepped onto the stage.

When the crowd saw Yun chujiu step onto the stage again, they immediately exploded!

In the Tian Yuan continent, very few people could practice two types of cultivators' five techniques at the same time, not to mention Yun Chujiu had already shown her excellent talent in alchemy in the morning.

“Could it be that Yun chujiu got carried away by the victory? Why did she go up again?”

“Who knows? ! I don’t know what Dean Huangfu is thinking. Does he really think that Yun Chujiu is his life-saving straw?”

“Exactly. Isn’t this a waste of a slot?”

..

Si Tushi found that Yun Chujiu had jumped onto the competition stage again. He glared at Yun Chujiu viciously. Why did this little girl go up again? She was going to participate in the talisman competition? That old fogey Huangfu Zhongheng was probably trying his best. Did he really think that Yun Chujiu was omnipotent?

When the host saw that the judges and participants were all in position, he began to announce the rules of the competition, “The content of the competition is a level six explosive talisman. However, in order to prevent cheating, the talisman paper, Talisman Pen, and Demon Beast blood used by the participants are all provided by the staff. The time limit is four hours. The more you draw, the better the quality will be.”

After the host finished speaking, he gestured for the staff to hand over the talisman paper, Talisman Pen, and Demon Beast Blood. Then, he distributed them to the ten participants.

Yun Chujiu looked at the talisman paper, Talisman Pen, and Demon Beast Blood. She did not see anything unusual. Si Tushi was too obvious if he had done something to these things.
