

The Yun Family's Ninth Child is an Imp! Chapter 1434

The strongest student from the Netherworld Academy was a boy named Li Wei, while the one from Tianyuan Academy was a boy named Xu Feng. The two of them obviously knew that they were each other's biggest opponents, and their positions were still close to each other, therefore, the two of them looked at each other, and their eyes were filled with flames.

As the host announced the start of the competition, everyone began to draw nervously.

Yun chujiu did not start drawing. Instead, she stretched her neck and watched the others draw. This fellow was preparing to see what level they were at before lowering her level to prevent her from being too heaven-defying.

However, in the eyes of the crowd, her appearance meant that she did not know how to draw talismans at all. She was just going up to watch the show.

The people of the Tian Yuan continent were immediately dissatisfied with Yun chujiu's nonsense. Moreover, they were also quite dissatisfied with Dean Huangfu's decision to let Yun Chujiu go up. Wasn't this a waste of a spot? !

If they had sent someone else up, they might have been able to win first place. However, sending someone like Yun Chujiu, who didn't know how to draw talismans, up was simply to make up the numbers.

Si Tushi saw Yun chujiu looking around and pursed his lips. It seemed that Yun Chujiu was just going up to misbehave. There was nothing to be afraid of. Moreover, they were sure to win this talisman competition. They had done their preparations. The first place in the talisman competition would definitely be their Netherworld Academy.

At this time, Xu Feng and Li Wei had already finished drawing one explosive talisman and were in the process of drawing the second explosive talisman.

Yun Chujiu estimated their time. They could probably draw three explosive talismans in two hours. Four hours meant six talismans. As for her, she could draw ten talismans in two hours. Since that was the case, she would wait a little longer.

Hence, Yun chujiu fiddled with the talisman paper for a while, then fiddled with the talisman pen for a while. Otherwise, she would be looking around curiously.

The people of the Tian Yuan continent became angrier the more they looked at her. It seemed that this fellow was really going up to play. They could not count on her for this round. It was better to look at Xu Feng!

In the blink of an eye, two hours had passed. Xu Feng and Li Wei were equally fast. In fact, Xu Feng was even a little faster. At this moment, an unexpected accident happened. Xu Feng's talisman pen actually broke!

Xu Feng was immediately stunned. Then, he said to the host anxiously, "Host, my talisman pen broke. Please give me another talisman pen."

The supporter was about to speak, a judge with triangular eyes said, "The talisman pen is not allowed to be changed. This talisman pen was specially chosen by us to verify whether your spiritual power output is uniform. The reason why the talisman pen broke must be because your spiritual power output is too strong. This is entirely your own reason."

Xu Feng was immediately dumbfounded. This was simply unreasonable! What kind of pen would break and not be given a pen? Without the Dao Talisman Pen, how could he continue to draw?

At this moment, the Dao talisman pen in the hands of a student from the Netherworld Academy also broke. His application for another dao talisman pen was also rejected.

Therefore, although Xu Feng was extremely aggrieved, the people from the Netherworld Academy were also treated the same way. He could not find any fault with them.

A trace of treachery flashed across Li Wei's eyes. Humph, principal situ had already arranged it long ago. This was called sacrificing a pawn to protect a chariot. After the match, the remaining four people from the Tianyuan Academy were no match for him at all, the first place would go to him, Li Wei!

Yun chujiu frowned. It seemed that the talisman pen had been tampered with, and it had been arranged. She didn't know if her talisman pen had also been tampered with.
