

The Yun Family's Ninth Child is an Imp! Chapter 1438

Time passed quickly. There was only 15 minutes left until the end of the competition.

Yun chujiu turned her head to look at Li Wei. Li Wei had already completed half of his sixth explosive talisman. He would definitely complete six before the end of the competition, which was 30 points.

Yun chujiu frowned. She only had two supreme-grade explosive talismans now. She needed to complete at least one more supreme-grade explosive talisman to be able to tie with Li Wei.

However, the judge with the triangular eyes might use the reason of her broken talisman brush to place her in second place. Therefore, she needed to complete at least two supreme-grade explosive talismans, however, how should she solve this situation where the Demon Beast's blood supply was insufficient?

Everyone in the Tian Yuan continent had already lost their confidence. They cursed the Netherworld continent for being despicable and lamented Yun Chujiu's bad luck. In short, they no longer had any hope for Yun Chujiu.

At first, they thought that Yun chujiu would really be able to create a miracle with her finger. They did not expect that she would be crippled halfway through the drawing. Sigh, she was definitely going to lose this round!

Yun Chujiu's gaze was heavy as she stared at the plate that contained the Demonic Beast's blood. How could she ensure that the Demonic Beast's blood was sufficient?

Yun chujju looked at her right hand. F * ck, if only she was a demonic beast. She would just bite her finger and draw!

Yun chujju looked at her hands and her eyes suddenly lit up. There it is!

The people below the competition stage suddenly exclaimed, "Look! Yun chujju is drawing with her finger again!"

"Sigh! It's useless even if she drew it, she will still fail. Didn't she fail just now? !"

"No matter what, this Yun Chujju is still quite hard-working. We were wrong about her before."

..

Everyone was discussing as they watched Yun chujju rapidly draw talismans. Then, they were stunned by Yun Chujju's next actions!

They saw Yun Chujiu drawing with her right index finger that suddenly turned into her left index finger. Yun Chujiu took advantage of this opening and dipped her right index finger into some demonic beast blood again before continuing to draw again.

The crowd instantly exploded!

How could this work?

Didn't they say that it was most taboo to have unstable spiritual energy when drawing talismans? She had changed her fingers twice in the middle, so why was the talisman not destroyed yet?

The host and the judge on the stage were all stunned by Yun Chujiu's behavior!

They were already shocked enough when Yun chujiu used her fingers to draw talismans, but now this little girl actually changed her fingers to draw talismans? Moreover, the talisman was not destroyed yet?

The judge with San Jiaoyan snorted in his heart. It was impossible to succeed. Even if it was not destroyed now, it would be destroyed soon. He had never heard of anyone who could draw a talisman with their fingers, let alone changing their fingers in the middle.

Just as the judge with San Jiaoyan was thinking about it, he heard the few judges around him exclaim in surprise. Actually, as a judge, they should keep quiet. However, they were really too shocked!

They saw that not only did Yun chujiu complete the talisman, but there was also a golden light shining on it. Obviously, it was a super-grade explosive talisman! ! !

The people below the stage could not see the situation clearly, but they could roughly guess the situation when they saw the referees' shocked expressions. They could not help but feel excited again!

"Yun Chujiu succeeded! She must have succeeded! Otherwise, those referees would not be so surprised!"

"I guess so. It's just that we don't have enough time. No matter how fast she drew, she could only draw one more. That Li Wei could probably finish six, so Yun Chujiu still lost."

"No, there's another possibility. Yun chujiu drew all supreme-grade explosive talismans. Four of them would be forty points, and she would be able to surpass Li Wei!"
