

The Yun Family's Ninth Child is an Imp! Chapter 1441

San Jiaoyan was shocked, but he said angrily, "What do you mean?"

Yun chujiu said faintly, "What do I mean?" "Do you think your little tricks in the Netherworld are very good?" "You just did some tricks on the talisman brush. On the surface, it seems that two of your students'talisman brushes are broken, just like ours."

"HMPH, didn't you want to abandon the pawn to protect the cart?" "Kill the strongest person on our side, Xu Feng, and then Li Wei will get first place. Am I right?"

"You're slandering me! You're slandering the referee for no reason. Your results have been canceled!"The San Jiaoyan referee was shocked. This stupid girl was too smart! However, so what if you guessed it? You have no evidence at all!

"Referee? Do you deserve to be called a referee with your character? Do you think I have no evidence? Could you please invite the ten referees from yesterday's refining to come up and check our talisman pens to see if there is anything fishy inside? I believe that you will be able to see the problem clearly."Yun Chujiu said to the VIP seats.

The triangle-eyed judge panicked when he heard that. He wanted to say that he could not let those people see the problem. If ordinary people could not see the problem, those old people would definitely be able to see it. He had to destroy the evidence, if that was the case, there was nothing they could do even if they were suspicious.

When the triangle-eyed judge thought of this, he suddenly walked to the front of the contestants' workstations and gathered all the talismans and pencils together. "San Jiaoyan!" Then, he said angrily, "What's wrong with these Dao Talismans? They are all the same. If you don't believe me, I will prove it to you!"

San Jiaoyan's hand tightened, and all the dao talismans were shattered into powder. Then, he said, "Look, what's different? They are all the same structure!"

Everyone was not stupid. They all knew that San Jiaoyan was destroying the evidence. They cursed angrily, but they also knew that the evidence had been destroyed by him. If he said it without any evidence, he was afraid that he would have to file a lawsuit. This matter would be difficult to resolve.

Yun chujiu laughed crisply, she laughed very unhappily. "Do you think that by destroying the evidence, I won't be able to prove that you guys tampered with the talisman pens? TSK TSK, you guys are really stupid! Do you think that I, Yun Chujiu, am that stupid? Allowing you to destroy the evidence? Ten Artifact Masters, please come up and help identify it."

San Jiaoyan did not understand what Yun chujiu meant at the beginning. When he saw Li Wei winking at him, he was shocked to realize that he had only destroyed eight talisman pens and did not see the talisman pens of Li Wei and Yun Chujiu.

San Jiaoyan's head buzzed. It was over! It was going to be bad! Before he could think of a countermeasure, the ten refining referees had already jumped onto the competition stage.

Yun Chujiu said to the other nine dao talismans referees, "Referees, I believe that all of you have a conscience and professional ethics. You should also want to get to the bottom of this matter, right? "In that case, please keep an eye on this scum so that he won't destroy the evidence again during the appraisal process."

The nine judges nodded and blocked the judge with San Jiaoyan behind them. In fact, they already knew that the talisman brush must have been tampered with by the Nether Academy. However, the talisman brush had been destroyed., what evidence could the little girl bring out?

Yun chujiu smiled at the host. "Please Pass Li Wei and my talisman brush to the ten artifact masters and let them see the tricks in it!"
