

The Yun Family's Ninth Child is an Imp! Chapter 1452

The people of the Tian Yuan continent immediately cheered!

At this time yesterday, they still felt that their future was bleak. They did not expect to obtain the final victory today. This feeling was really great!

Of course, they knew that all of this was because of one person, a little girl that they did not think much of — Yun Chujiu!

Yun chujiu walked to the side of the cage with a smile. “TSK TSK, Little Fox, it’s rare for you to be so honest. I’ll reward you with a roasted chicken!”

Lie Yan immediately kept the roasted chicken into her storage space. The little girl had told me that the bones of the nine-tailed Fox were inside the belly of the roasted chicken!

Only then did Yun chujiu terminate the temporary contract with Lie Yan and jumped off the stage. What greeted her was a tsunami of praise and gratitude. This fellow still pretended to be modest and said a few words, then, she hopped back to the stands of the Tian Yuan Academy.

As the sky was already dark, the host announced that the second phase of the spirit power competition would be held on the second day.

When everyone heard that, they all dispersed and returned to their respective stations to rest.

Yun Chujiu was now the focus of attention wherever she went. Those mighty figures had been perfunctory towards her in the morning, giving face to Di Linhan. But now, they were much more sincere... , this little girl's talent in alchemy and talismans was top notch, and her future was bound to be limitless. Befriending such an alchemist and Talisman Master would only bring benefits and no harm.

Yin Sulian saw that Yun chujiu was being treated with such courtesy, and she was so angry that she gritted her teeth, her intestines turning green with regret! If she had not instigated Yun chujiu to participate in the alchemy competition, there would not have been any subsequent matters, and Yun Chujiu would not have become famous so quickly!

After dinner, Yun Chujiu went to see Di Linhan.

As the Temple Master of the Temple of Immortals, di Linhan naturally had an imposing manner. Even in the wilderness, the place where he lived was very comfortable, and there were many hidden guards protecting him.

After Yun Chujiu saw di Linhan, she rambled on about what had happened in the Misty Valley.

Di Linhan was stunned when he heard that, and he sighed in his heart. Only a monster like little jiu could still come out after falling into such a predicament. If it was any other person, they would have been played to death by the Qi Ling!

However, if it was anyone else, they would not have offended the Qi ling. You had almost made the underground spirit mushroom extinct. No wonder the Qi Ling in the Misty Valley was angry. You were too greedy!

Just as Di Linhan was thinking about it, Yun Chujiu took out a storage ring with a smile on her face. "Uncle, I have some underground spirit mushrooms in this storage ring. You can take it back and stew the chicken to eat. The taste will definitely be very delicious."

The corners of Di Linhan's eyes twitched violently. [stew the chicken?]? [earth spirit mushroom is such a precious spirit herb, and you want to use it to stew the chicken?]?

"Uncle, there are also some heaven grade spirit herbs that the little skeleton took the initiative to give to me. Take it back and give it to my aunt!" Yun chujiu added.

Di Linhan was extremely satisfied in his heart. Where could he find such a daughter-in-law? She was smart and quick-witted, and most importantly, she had a long face! She had forcefully used her own strength to save the Tian Yuan Academy which had already lost to the edge of the cliff!

Di Linhan instructed her with a pleasant expression on his face. It was nothing more than a good rest or something like that. After Yun Chujiu thanked him, she hopped back to the Tian Yuan Academy's headquarters.

When Yun Chujiu returned to the Tian Yuan Academy's headquarters, she was naturally praised and flattered by everyone once again. Although this fellow appeared to be rather calm on the surface, he was actually overjoyed in his heart!

Hahaha! Gold will shine sooner or later! From now on, I, Yun Chujiu, will shine brilliantly in the Tian Yuan continent!
