

The Yun Family's Ninth Child is an Imp! Chapter 1459

Si Tushi saw that Yun chujiu had finally stepped onto the competition stage, and only then did his heart relax. He had originally thought that this smelly girl was trying to deceive him, but he didn't expect that she had really stepped onto the stage. Going Up was good.., it was just the right time for Jia Long to kill this smelly girl.

"Yun chujiu, if you immediately kneel down and admit defeat to me, I can consider sparing you. Otherwise, if we fight, if I accidentally kill you, you won't have any place to Cry!" Jia Long said viciously.

"This is what I wanted to say to you. Oh right, What's Your Name?" Yun chujiu asked with a smile.

"Jia Long!"

Yun chujiu laughed so hard that she fell back and forth. "Jia Long? hahaha! Fake Dragon? Then you are actually a worm? TSK TSK, why don't we just call you a worm!"

The people of the Tianyuan continent immediately laughed out loud and ridiculed Jia Long's name. They felt that regardless of whether Yun chujiu could win this competition or not, at least she would not be at a disadvantage once she went up.., unlike the other five contestants who felt timid the moment they went up.

"Stupid girl! Don't be so glib. Do you admit defeat or not?" Jia Long roared angrily out of embarrassment.

“Admit defeat? I, Yun Chujiu, have never known how to spell the Word ‘admit defeat’! I would like to ask you, do you admit defeat or not? If you don’t admit defeat, it would be terrible if I accidentally kill you later!”

“You’re courting death!” Jia Long decided not to waste time with Yun Chujiu, and directly shot a huge spiritual python at Yun Chujiu.

“Yo, your spiritual beast is a little loach? Look at my invincible Little Piggy!” Yun Chujiu said as she released a cute little spiritual pig.

Jia Long was stunned!

The host was stunned!

The referee was stunned!

The people below were stunned!

What was that? Did they see wrongly? Yun Chujiu's spiritual beast was a pig? And it was a piglet? Wasn't this too weird?

What could such a weak spiritual beast do? Could it be that it was preparing to kill its enemies with cuteness?

A few people had seen Yun Chujiu's spiritual beast piglet when they were in the Misty Valley. They thought to themselves, you guys still don't know how powerful this perverted piglet is. You guys won't think that way in a while!

Jia Long was first stunned when he saw the spiritual power piglet that Yun Chujiu released, then, he laughed wildly. "Smelly Girl, your spiritual beast is actually a piglet? hahaha! You have the nerve to release such an embarrassing spiritual beast? I've finally learned something today!"

Yun chujiu smiled faintly at him. "Is that so? Don't worry. Before I die, I'll let you learn a lot!"

Jia Long was about to mock yun chujiu, but he was stunned!

That Little Piglet was actually devouring his spirit energy python. How, How was this possible? How could a spirit energy beast devour someone else's Spirit Energy Beast?

The crowd below the stage also cried out in surprise. “Oh my God! That Little Piglet is actually devouring the spirit energy of the Spirit Energy Python. This is too unbelievable!”

“Yeah, I’ve never heard of such a spirit energy beast. This is too abnormal! It can devour spirit energy beasts. Does this mean that it can turn the spirit energy it devoured into its own?”

“That’s for sure! Otherwise, where did the spirit energy it devoured go?”

The people from the Netherworld continent heard the people from the Tian Yuan continent shouting, they mocked, “Humph! Although that spirit energy piglet is quite abnormal, no matter how abnormal it is, it can’t devour the Python. In the end, the winner is still Jia Long.”

“That’s right. It’s just a piglet with some characteristics. How can it swallow the entire python? Just you wait. In less than 15 minutes, Yun Chujiu will be defeated!”
