

The Yun Family's Ninth Child is an Imp! Chapter 1461

Everyone understood what had happened, and Jia Long's arm was blown away!

Oh My God!

Could it be that the power of those small purple needles was so great?

How could such tiny spiritual energy needles have such great power?

As expected, what happened to Yun Chujiu, this pervert, could not be predicted by common sense!

While everyone was stunned, they saw Yun chujiu shoot a few more purple needles at Jia Long's face. Jia Long was screaming in pain. He did not expect that Yun Chujiu would continue to attack and get hit by those purple needles, with the sound of explosions, Jia Long died.

Everyone was stunned. No one expected that Yun chujiu would do this. She would continue to attack even when Jia Long had lost his right arm. Wasn't this too cruel?

The people from the Netherworld continent immediately began to curse angrily:

“Yun Chujiu! You are too vicious! Jia Long’s right arm has already been crippled by you. Why do you still want to take his life?”

“That’s right. This is a competition stage and not a battlefield. What you are doing is really too much!”

“The most vicious is a woman’s heart! This Yun Chujiu is really too vicious!”

..

Yun Chujiu stood silently on the stage until the discussion quieted down a little, only then did she proudly say, “You all think that I was too vicious when I killed Jia Long? Then what about our Tianyuan Academy’s senior who was forced to kneel down by him and was heavily injured by his kick? Moreover, you all think that if Jia long were to defeat me, do you all think that he would spare my life?”

“Remember this: anyone who offends me, Yun Chujiu, will be killed no matter how strong they are. Anyone who offends me, Tian Yuan, will be killed no matter how far away they are!”

Everyone was shocked by Yun Chujiu’s last sentence. They did not expect a little girl in her teens to have such boldness and courage to say such words!

Although the little girl on the stage had a young face and not much spiritual power, at this moment, everyone remembered a name — Yun Chujiu!

They knew that this name would definitely be famous throughout the world in the future, and this name would definitely bring shock to everyone again and again!

The people of the Tian Yuan continent could only feel the blood in their bodies boiling up, and they all raised their arms and shouted: “Those who offend the Tian Yuan, although far away, must be killed!”

“Those who offend the Tian Yuan, although far away, must be killed!”

... .

Even those mighty figures felt their emotions surging, and they wished they could also shout a few times!

Di Linhan was so excited that his hands were trembling slightly. He had thought that Yun Chujiu had already given him enough surprises, but he had not expected the little girl to give him such a huge surprise!

With just a single sentence, she was able to resonate with the entire Tian Yuan continent. With just a single sentence, she was able to make everyone's blood boil. Such a person was born to be a leader, born to be at the top!

In an instant, all the mighty figures lost their color in front of Yun Chujiu's brilliance. At this moment, there was only one figure in everyone's heart, and that was Yun Chujiu who stood proudly on the stage!

Vice Palace Master Liu's expression changed slightly. He originally thought that she was just a little girl. Although it was a little strange, but after all, her spiritual power was still very low. He did not expect that she actually had such an ability to bewitch people's hearts.., with just a single sentence, she had roused everyone's fighting spirit. When she grew up, she would definitely become a huge threat. He had to kill her before she was strong enough!

Si Tushi gnashed his teeth in hatred. Originally, it was a wrong thing for the smelly girl to kill her opponent in the competition. He did not expect that with just a few words from her, not only would she be cleared of the crime, she would even trigger the resonance of everyone in the Tian Yuan continent.., it was really detestable to the extreme!
