

The Yun Family's Ninth Child is an Imp! Chapter 1464

Although Mu Yan's eyes were still a little red and swollen, he was already fine. He stared at Yun Chujiu viciously. Damn girl, it looks like I have to use my trump card. Today, you will definitely die!

Mu Yan bit his index finger and started to form a seal. "With my blood, I will sacrifice the netherworld. Power of the Netherworld, come!"

Yun chujiu saw that Mu Yan bit his index finger and instantly knew that something bad was about to happen. Therefore, she immediately shot out several small purple needles. Unfortunately, Mu Yan was already prepared and activated the defensive spirit tool on his body, hence, yun chujiu could only watch helplessly as Mu Yan completed his secret technique.

The expressions of the mighty figures on the VIP stage of the Tian Yuan continent changed. The power of the Netherworld? Eleven years ago, it was because of this power of the Netherworld that the Tian Yuan continent suffered a great loss. Who would have thought that someone would use the power of the Netherworld again today.

They started to worry for Yun Chujiu on the stage, especially di Linhan. They had made preparations. If Yun Chujiu was in danger, he would immediately go up to save her. Victory and defeat were not as important as Little Jiu's life.

Mu Yan had already completed his hand seals and his entire person looked even more sinister. "Damned girl, today I'll let you experience the power of the Netherworld!"

Yun chujiu curled her lips. "Power of the Netherworld? I've never heard of it. Just use it. However, I say, Mu Yan, if you use this thing once, you'll have to use your blood as a sacrifice. Aren't you afraid that you'll die from blood loss?"

Mu Yan gritted his teeth and said, "Nonsense! Die!"

After Mu Yan finished speaking, he released his spirit energy double-headed snake again. However, this time, the spirit energy double-headed snake was emitting a blue light. Yun chujiu could feel a chill from afar.

Yun Chujiu recalled that di beiming was poisoned by the cold poison. It must have been caused by some bullshit netherworld power. This thing seemed to be very overbearing. She had to be careful.

Yun Chujiu released a few piglets with spiritual power, and the piglets pounced on the two-headed snake. What surprised Yun chujiu was that after the piglets swallowed the spiritual power of the two-headed snake, they were actually frozen into ice sculptures, then, they slowly disappeared.

Mu Yan laughed wildly, "Stupid girl, can't you release the piglets? Why Don't you do it? No matter how much you release, I will make them turn into ice piglets!"

Yun Chujiu's heart tightened. This was bad! Her little spirit piglet was completely unable to deal with this damned power of the netherworld. What about the little purple needles?

Yun chujju fired several little purple needles at the spirit power twin-headed snake. When the little purple needles got close to the twin-headed snake, they also turned into ice needles and then dissipated!

Di Linhan clenched his fists. It was the same back then. It was this power of the Netherworld that gave all the mighty figures in the Tian Yuan continent a headache. No matter what kind of spirit power attack was used, it would be turned into ice sculptures by the power of the netherworld.

At this moment, the spirit power twin-headed snake had already pounced in front of Yun Chujiu. Yun chujju quickly leaped to dodge. In order to be on the safe side, she activated her defensive spirit tool. She did not expect that the power of the Netherworld was extremely overbearing... , it had actually easily broken through several layers of Yun Chujiu's defensive barrier.

Damn it, this damned power of the Netherworld was indeed difficult to deal with!

Yun chujju gave up on materializing her spiritual power and directly used the purple lightning to strike the two-headed spiritual snake. Her idea was very simple. No matter what kind of Bullsh * t power of the Netherworld you had, no matter how powerful you were, you would still be afraid of heavenly lightning!

Not to mention, after the purple lightning struck the two-headed spiritual snake, the two-headed spiritual snake's movement slowed down. Yun chujju was overjoyed and continued to use the purple lightning to strike the two-headed spiritual snake.

However, the problem soon arose. Although the Purple Lightning was effective against the two-headed spiritual snake, Yun Chujiu's purple lightning was still too weak compared to the two-headed spiritual snake, even after dozens of strikes, the two-headed spiritual snake did not suffer any substantial damage.
