

## The Yun Family's Ninth Child is an Imp! Chapter 1468

Li Han coldly said, "Yun Chujiu, do you think that all the demonic beasts are as stupid as the fiery red-tailed seductive fox? Today, I will let you witness the power of our Li family's beast taming technique." Lie Yan's eyes were filled with disdain

"Wait! What did you say?" Yun chujiu asked with a puzzled expression.

Li Han was about to summon his spirit beast when he heard Yun Chujiu's question. He coldly snorted, "I said, I want to let you witness the power of our Li family's beast taming technique."

"Yo!" From what I hear from you, you are showing off the power of Your Li family's beast taming technique. It has nothing to do with the Nether Academy at all! Principal situ, the student you sent here is a fake student. I am complaining that you cheated! You have lost this round. Our Tian Yuan Academy has won!" Yun Chujiu said with a smile.

"Yun Chujiu, Li Han is naturally a student of our Nether Academy. There is no doubt about this. You Don't have to delay any longer." Si Tushi cursed Li Han in his heart more than a hundred times. You just have to go up and kill Yun Chujiu., what nonsense was there to talk about? But now, he had been caught by this wretched girl.

Yun Chujiu had an expression of sudden realization. "Oh, so he really is a student of the Netherworld Academy. Your Netherworld Academy always likes to cheat. It would be safer for me to ask.

“So, Li Han, I have to give you a piece of advice. Since you are a student of the Netherworld Academy, then don’t bring up the matter of the Li family’s beast taming technique all the time. If you say that, where will the teachers of the Netherworld Academy put their face? “What do you think of the teachers of the Netherworld Academy when you say that? “Are all the teachers of the Netherworld Academy Useless?”

Li Han’s face turned red. He did not expect that just one sentence from him would make Yun chujiu use the topic to say so much. This wretched girl was really too crafty!

“Wretched girl! Stop talking nonsense! Prepare to die!”After Li Han said that, he summoned three 24th level bloodthirsty wind blade wolves and pounced towards Yun Chujiu.

“Oh, I thought you had some amazing spiritual beasts, but it turns out you have three little dogs!”Yun Chujiu said with a smile as she dodged.

The three bloodthirsty wind blade wolves howled in anger. You are the dog! Your whole family is dogs!

Yun chujiu curled her lips. “TSK TSK, this little dog’s temper is not very good. Come, I will give you something good to lower your anger.”

Just as everyone was wondering how Yun Chujiu would lower the anger of the Spirit Beasts, they heard several loud bangs from the competition stage. Smoke and dust filled the air.

Everyone was shocked. What was going on?

After the smoke and dust dispersed, they saw that the three bloodthirsty wind blade wolves had disappeared without a trace, and three deep pits had appeared on the competition stage, Yun Chujie held a thick stack of talismans in her hand and said with a smile, "Puppies, come. I still have a lot of super grade explosive talismans here. Climb up and I'll play with you again!"

Intrepid!

Too Intrepid!

Was this how talismans were used?

Everyone looked at Li Han with sympathy. No matter how many spirit beasts you had, you wouldn't be able to block the explosive talismans in this pervert's hand!

Li Han's eyes were bloodshot. These three bloodthirsty wind blade wolves were tamed with great difficulty by him. He didn't expect to be blown to death by Yun Chujie in just one exchange.

Li Han gritted his teeth. “Yun Chujiu, do you think that you are omnipotent just because you have the explosive talisman? You underestimate me too much!”

Li Han opened the spiritual beast bag again. A group of ghost face poisonous bees flew out from it and rushed towards Yun Chujiu in all directions.
