

## The Yun Family's Ninth Child is an Imp! Chapter 1469

The crowd below the stage cried out in surprise!

“Oh my God! It’s actually the ghost-faced poisonous bee. The tail of the ghost-faced poisonous bee carries a lethal poison. If a cultivator is stabbed, the poison will take less than ten breaths to kill him. It can be said to be extremely lethal.”

“Yun Chujiu is in trouble this time! Although the explosive talisman in her hand is powerful, the ghost-faced poisonous bee can fly. Moreover, there are so many of them that her explosive talisman is useless.”

“She can only use a defensive barrier to protect herself, but how long can she last? She will definitely lose this competition!”

..

Yun chujiu activated her spiritual energy barrier. First, she released a few spiritual energy piglets to entangle Li Han. Then, she giggled and said, “TSK TSK, it just so happens that I can practice my little nine Thunderbolt Needles!”

Yun chujiu took out a small purple needle. Whoosh, whoosh, whoosh, the needle blew up a ghost face poisonous bee. The needle hit the blood, and not a single needle missed.

This guy was having a good time. “Li Han, I really have to thank you. I have been worrying about not having a target to practice my little Jiu’s thunderbolt needle. Your little bees just happen to be living targets for me to practice my needle skills. Not Bad, not bad!”

The people below the stage were dumbfounded and at a loss!

Damn!

Spiritual power could be used in this way?

Well, one couldn’t use common sense to deduce a pervert like Yun chujiu!

Li Han saw that the ghost face poisonous bees were about to be killed by Yun Chujiu, so he had no choice but to put the remaining ghost face poisonous bees back into the spiritual beast bag.

Yun chujiu sighed. “Hey, why did you put it back? I haven’t had enough fun yet!”

Li Han almost fainted. I'm competing with you! Who's playing with you? This stupid girl is really too infuriating!

"Li Han, if you have any other spirit beasts, just let them out. I'm Waiting!" Yun Chujiu said with a smile.

Li Han activated the defensive spirit tool on his body and directly cut his arm. He chanted, "With my blood, sacrifice the soul beast. Soul Beast, come!"

Soul Beast? Yun chujiu was very curious. What the hell was this soul beast?

Just as Yun Chujiu was puzzled, she saw a wisp of black mist coming out from the powerful arm. The Black Mist turned into a huge demonic beast. Its huge body occupied almost half of the stage.

Someone below the stage exclaimed, "Oh my God, this is the ancient beast Tao Wu! I have seen it in the ancient books!"

"No Way? Tao Wu? Isn't Tao Wu Extinct?"

"Are you stupid?" This is a soul beast. If it really is Tao Wu, how could it be controlled by Li Han? ! I guess the Li family used some secret method to capture the remnant soul of this Tao Wu and refine it into a soul beast. If it's just a remnant soul, it would be split apart by the Heavenly Lightning."

“It’s just a soul beast? I thought it was the real Tao Wu!”

“What do you know? ! Although this is only a small portion of the soul beast that was refined by the remnant soul, it is still an ancient ferocious beast Tao Wu. Not to mention Yun Chujiu, even a mighty figure might not have a chance of winning.”

..

Yun chujiu sized up Tao Wu in front of her. He looked quite similar to a tiger, but he had two slightly curved fangs. His tail was very thick and there were sawteeth on it. He looked very ferocious.

“Ant, Why did you call me?”Tao Wu asked Li Han with his huge eyes.

Li Han lost too much blood and said with a pale face, “Kill the B \* Tch!”

Tao Wu looked at Li Han with disdain. “Such a weak piece of trash, and you want me to do it? Forget it, your blood tastes pretty good anyway. I will help you kill her.”
