

The Yun Family's Ninth Child is an Imp! Chapter 1470

Tao Wu turned his head and looked down at Yun chujiu who had been curiously sizing him up. He said disdainfully, "Little girl, how do you want to Die?"

"I can die however I want?" Yun chujiu blinked her eyes and asked.

Tao Wu nodded. "Of course, I can kill you however you want to die! For example, you can fall to your death, bite you to death, slap you to death, or you can commit suicide!"

"Alright, then I choose to die of old age." Yun Chujiu said with a smile.

Although the situation was very tense, the people below the competition stage were still amused by Yun Chujiu's answer. Damn, die of old age? Yun Chujiu's brain was spinning really fast! However, Tao Wu would definitely not agree to it, and he would even become angry from embarrassment.

As expected, Tao Wu roared angrily, "Darn Girl, you tricked me?!"

Yun chujiu spread her hands innocently, "How can you accuse me of fooling you? You're the one who said that you can die however you want! Do you ancient beasts not keep your words?"

Li Han shouted from behind, "Lord Tao Wu, don't talk nonsense with her. She's full of evil intentions. Just slap her to death!"

Yun chujiu blinked her eyes, "Li Han! Shut Up! Lord Tao Wu is ten thousand times smarter than you. Do you think you need to teach him what to do? !"

Tao Wu was extremely arrogant. When he heard Yun Chujiu's words, he said unhappily to Li Han, "You ant, shut up! or I'll slap you to death!"

Li Han almost fainted! ! You're My Soul Beast. If I die, you'll be finished too. You're actually speaking up for Yun Chujiu. Are You Out of your mind? !

Tao Wu turned his head and looked at Yun Chujiu. "Although your words are interesting, I still want to kill you. How about this? You can kill yourself and leave your corpse intact."

"Alright! Since I can't Beat You, I will kill myself! However, before I kill myself, can I have a few words with you? It is my honor to be able to meet an ancient beast like you in my lifetime. I feel very happy even if I Die!"Yun Chujiu said with twinkling eyes.

Tao Wu only felt comfortable in his heart. Damn it, after tens of thousands of years, he finally found the prestige of being an ancient beast again., he said gently, "Little girl, you're really not bad. If it wasn't for that damned ant who insisted that I kill you, I definitely wouldn't have killed you. What do you want to talk about?"

Li Han was so angry that he almost fainted!

Damn it, You Are My Soul Beast. You call her "Little girl" and call me "Damn ant"?

If people didn't know, they would think that you are her soul beast!

Although Li Han was furious, he didn't dare to urge Tao Wu. He could only watch from the back.

The people below the competition stage were even more confused. What was going on?

What the hell was the man and beast that were chatting so enthusiastically on the stage?

Why did it feel like Tao Wu was Yun Chujiu's soul beast?

"Lord Tao Wu, your appearance is really too powerful. Is your appearance the strongest among the fierce beasts?" Yun Chujiu asked with a smile.

Tao Wu curled his lips and said, "Of course. I look much more powerful than Tao tie and the other two! You have good taste, little girl."

"Master Tao Wu, then you are also the most powerful among the four beasts, right?"

"Humph! Do you even need to say that? I am much stronger than the three of them. I am not bragging, but the three of them together are not my match!" Tao Wu raised his huge head high and was very proud.
