

The Yun Family's Ninth Child is an Imp! Chapter 1472

"Struggling to survive? A walking corpse?" Tao Wu repeated these words in a daze. That's right, an ancient ferocious beast had actually become someone else's soul beast and was actually being ordered around by an ant. It was extremely embarrassing!

Yun Chujiu stood quietly at the side and did not say anything. Some words could be spoken at a time, but if she said too much, it would have the opposite effect!

Li Han saw that Yun Chujiu's words had stunned Tao Wu. He was afraid that Tao Wu would betray him, so he said loudly from behind, "Lord Tao Wu, don't listen to Yun Chujiu's nonsense. Hurry up and kill her!"

Tao Wu was already very angry. Now that he heard Li Han urging him, he became even more angry at Li Han. "Shut up! Otherwise, I will kill you!"

Yun Chujiu said from the side, "That's right! Can't you see that Lord Tao Wu is thinking about Beast Birth? What are you shouting for? Get lost! Trash!"

Li Han's cold air twitched. He felt that he was really too aggrieved. Tao Wu was originally his soul beast, but now, he actually scolded him.., he said loudly in anger, "Tao Wu, do you think that you're still an ancient fierce beast? You're now my soul beast. You have to listen to me. I order you to kill Yun Chujiu immediately, or I'll use a secret technique to punish you!"

Tao Wu roared angrily, wishing that he could slap Li Han to death. However, once Li Han died, he would become a remnant soul and dissipate very quickly. Should he submit or resist? Tao Wu hesitated!

“Some beasts are alive, and they are already dead. Some beasts are dead, but they are still alive!”

“The beasts are bound to die. Some are heavier than Mount Buzhou, and some are lighter than a feather.”

“Since ancient times, who has not died since the birth of a beast? Let the heart of the beast shine through the annals of history.”

..

Yun chujiu mumbled at the side. These words seemed to stab a knife into Tao Wu’s heart. That’s right, what was the difference between an ancient beast being so cowardly to live and being dead? !

Li Han cursed coldly, “Yun Chujiu! Shut Up! Tao Wu, don’t listen to her nonsense. Kill her for me!”

Tao Wu was initially hesitant, but when he heard Li Han reprimanding him like a demonic beast, the arrogance and stubbornness in his bones were triggered, he roared towards the sky, “I, Tao Wu, am an

ancient ferocious beast. I was accidentally harmed by a lowly person and became this Ant's soul beast. It is a great humiliation! Ant, Surrender Your Life!"

After Tao Wu finished speaking, his huge tail whipped towards Li Han.

Li Han did not expect Tao Wu to really want to perish together with him. He was completely unprepared and was whipped by Tao Wu's tail. He was immediately turned into a meat patty and died just like that..

Following Li Han's death, Tao Wu's figure became fainter and fainter, he looked at Yun chujiu, "Little girl, I know you are trying to goad me, but what you said makes sense. I, an ancient ferocious beast, can not live without dignity. Take care!"

Yun Chujiu's heart was sore from Tao Wu's words. Although this Tao Wu was ugly and stupid, his stubborn little temper was still quite rare.

Yun chujiu gritted her teeth and decided to help Tao Wu. She activated the isolation array and took out a small ancient green jade bottle from her storage ring. She said softly, "Come in, I will protect your life."

Tao Wu's remnant soul was about to dissipate. When he heard Yun Chujiu's words, he did not have the time to differentiate whether Yun chujiu was telling the truth or not. He immediately entered the small ancient green jade bottle. Yun chujiu immediately kept the small ancient green jade bottle, at the same time, she canceled the isolation array.

The entire process took less than ten breaths. Other than a few mighty figures, many people did not even realize that Yun chujin had activated the isolation array.
