

## The Yun Family's Ninth Child is an Imp! Chapter 1473

Everyone below the stage was stunned!

Oh My! What the F \* ck! Who Am I? Where am I? What am I doing?

Tao Wu! An ancient beast!

He was tricked to death by Yun Chujiu's Words? And he even killed its master, Li Han?

Oh My God, is it because we are inexperienced or is Yun chujiu too abnormal? !

This is too unbelievable!

Just as everyone was in disbelief and shock, they heard Yun chujiu wail on the stage:

“Aiyo! Lord Tao Wu, you died so tragically! Did you really perish together with that trash Li Han? I was just saying it casually! Why are you so honest! It's better to die than to live. Without dignity, there's no dignity! “That thing can't be used as food!”

Yun chujia cried so hard that her heart was torn apart. It was as if she was just saying it casually.

However, everyone had a thought in their hearts. Can you stop pretending? !

And you said it casually?

You just want Tao Wu and Li Han to die together, okay? !

Although everyone was complaining in their hearts, they had to admire Yun chujia's wit and courage. She could still calmly fool Tao Wu under such circumstances. Her psychological quality was even better than some mighty figures, the little girl's future was bound to be limitless.

In the VIP area of the Netherworld Continent, an old man cried out and fainted. It was Li Han's grandfather, Li Qianren.

He never expected that Li Han would be devoured by the soul beast. Moreover, he was the one who gave the Tao Wu Soul Beast to Li Han. One could imagine the impact he had suffered.

A moment later, Li Qianren woke up and jumped onto the competition stage. “B \* Tch! Pay for my grandson’s Life!”

Yun chujiu was a shrewd person. While activating the defensive spirit tool on her body, she hid behind the ten referees. “Oh my God, I’m going to kill someone! I’m going to kill someone! I’m scared to death! I’m scared to death!”

The ten referees were forced into a human wall and had no choice but to stop Li Qianren. “Master Li, this is a competition stage. Regardless of life or death, if you want to seek revenge, please settle it below the stage.”

At this moment, di Linhan also leaped onto the competition stage, he forced Li Qianren back with one palm. “Li Qianren, your grandson has brought this upon himself!” Little nine forced him onto the stage? Or did little nine force him to insult Tao Wu? If one wanted to blame someone, one could only blame the fool who gave him Tao Wu back then. He knew that the ancient ferocious beast was unruly and unruly, yet he still wanted to give it to a child. What a fool!”

Li Qianren was forced back more than ten steps by Di Linhan’s palm. He roared in a crazed manner, “B \* Tch! Although I can’t kill you today, sooner or later I will tear you into pieces to avenge my grandson!”

Yun chujiu poked her head out from behind the referee, she pursed her lips and said, “Old Man, I advise you not to seek revenge on me. Those who seek revenge on me only have one result, and that is death. If your Li family were to die, it would not be good!”

Li Qianren was already extremely sad to begin with, and after being angered by Yun chujiu, he fainted once again!

Yun chujiu touched her nose: "You fainted just like that? It's not that I want to say it, but with your current state, you still want to seek revenge on me? You really overestimate yourself!"

Di Linhan glared at Yun Chujiu, thinking to himself, that should be enough, stop showing off!

Yun chujiu stuck out her tongue and looked at the judges, bowing respectfully: "All the judges had stood up for justice just now, when they saw injustice on the road, they let out a roar, they are really role models for us. Little Jiu, thank you very much!"
