

The Yun Family's Ninth Child is an Imp! Chapter 1476

On the day the "Little Jiu experience exchange meeting" began, several thousand people actually came. Almost 80% of the students of Tianyuan Academy had come.

Yun chujiu was overjoyed after receiving the spirit stones!

This fellow set the venue of the exchange meeting on Tianyuan Square. She let the students of the Huang class be in charge of maintaining the order of the meeting. Then, she jumped onto the high platform and said to the crowd with a smile,

"Thank you all for your generosity. It's not that I'm greedy to take 1,000 high-grade spirit stones from everyone. I'm doing this for your sake. "Only things that are obtained after paying a price will be treasured. After you spend the Spirit Stones, you will listen to my teachings even more earnestly." Yun Chujiu said shamelessly.

The corners of everyone's eyes violently twitched. What you said sounded better than what you sang. You're just greedy!

"Alright, let's get back to the main topic. I'll teach you the secrets of alchemy and talisman-making now."

Everyone immediately pricked up their ears and focused their attention on listening to Yun chujiu continue.

“Actually, alchemy and stir-frying are not that different. If you feel that any herb is lacking, you should add some! As for talisman-making, you have to learn how to draw first. Now that you have the foundation of drawing, you’ll naturally be able to draw talismans with ease. “Alright, this is my secret.”Yun Chujiu said with a smile.

Everyone was so angry that they almost fainted!

What kind of Bullsh * t are you talking about? !

Profiteers!

Undisguised profiteers!

Refund! We want our money back!

Yun chujiu saw everyone’s angry look and could not help but smile brightly. Many male students were a little dazed by Yun Chujiu’s smile. They did not pay attention to Yun Chujiu’s appearance, but now that they looked at her, oh my God., yun chujiu was actually so beautiful. Could it be that they were blind in the past?

“Don’t be anxious. I haven’t finished speaking yet. You don’t even have the slightest bit of patience. How can you improve?” Yun Chujiu continued with a smile.

Everyone’s faces revealed an embarrassed expression. You are too good at making fun of people!

“Although what I said above is a bit of a joke, think about it carefully. What I said makes sense. First of all, when it comes to refining pills, refining pills should be done according to the pill formula, right?

“However, you have overlooked a problem. Although the pill formula stipulates the weight of the medicinal herbs, it doesn’t take into account the quality of the medicinal herbs. “The effective ingredients of different quality medicinal herbs are naturally different. Therefore, before refining, the first thing to do is to adjust the weight of the medicinal herbs according to the quality of the medicinal herbs...”

Everyone was stunned at first, then nodded one after another. They remembered that when Yun Chujiu was competing in pill refining, she did indeed take a good look at the herbs and even said that she was giving the herbs a face-to-face. So it turned out that she was checking the quality of the herbs., they had even laughed at her back then. They were really short-sighted.

Cough, cough. If they knew that Yun Chujiu was just trying to stall for time, they would probably be so angry that they would vomit blood and die.

“After we finish talking about refining pills, we will talk about making talismans. What is the purpose of making talismans? It is to determine the level of uniformity in the output of spiritual power. If we only

ask you to draw a straight line, I believe that everyone will be able to output spiritual power evenly. Why Can't we draw talismans?

That is because the patterns of the various types of talismans are complicated. If you are not proficient in drawing, it is inevitable that the output of spiritual power will be uneven. "That's why I've asked you to practice drawing. Of course, I'm not just randomly drawing, but repeatedly drawing the runic patterns of the talismans. When you're proficient in drawing on ordinary Xuan paper., "Using spiritual power to draw on the talisman paper will result in twice the result with half the effort."

Everyone nodded repeatedly after hearing that. So that was the case. It seemed that they had really misunderstood Yun Chujiu. What she said was from the bottom of her heart. It was really beneficial to their cultivation!
