

The Yun Family's Ninth Child is an Imp! Chapter 1484

Yun Chujiu was a little shy for once. She felt that her hand that was being held by di beiming was slightly sweating. This gigolo was getting better and better at flirting with girls. Fortunately, she acted early. Otherwise, she might have benefited some little vixen!

Shopkeeper Qi's face was filled with horror as he saw his honored master and Yun Chujiu walking in hand in hand. Was this already a public announcement?

Could it be that the two of them had been walking down the street hand in hand?

If shopkeeper Qi knew that the two of them were not only walking hand in hand, but that Yun chujiu had also forcefully kissed di beiming, he would probably be so scared that he would collapse to the ground.

"Little Madman! Little Madman! Come out! We will fight the landlord!" Yun chujiu shouted as soon as she entered the backyard.

An Feng was already immune to the term "Little Madman". He quickly came out to greet di beiming and Yun Chujiu.

The three of them fought for a while and the sky started to darken. After dinner, di beiming naturally entered Yun Chujiu's room.

The two of them had a good time, but Yun Chujiu did not come to kuishui. Although di beiming wanted to tear yun chujiu apart and eat her, he was afraid that it would not be good for Yun Chujiu's body, so he could only endure it.

Yun chujiu sat on the bed and scolded guai Cao more than a thousand times, only then did she say, "Prince Charming, this damn gou Weiba will be a disaster sooner or later. In the future, when it grows up and my Dantian is not big enough, I'm afraid that I won't be of any use anymore. It will definitely kill me."

"Little Jiu, don't worry. My master has been thinking of a way. I have also sent people to scout around for similar information. I will definitely find a way to get rid of Guai Cao."

"Humph! Damn it, if there is really no way, I will give up my dantian. I will also kill this dog's Tail!" Yun chujiu said through gritted teeth.

The guai Cao in the Dantian curled up into a ball. It wished that it could reduce its presence to the minimum. This grass was also very helpless, okay? If it could choose, it would not choose a pervert like you!

"Little Jiu, the reason why I came here this time is firstly to see you. Secondly, my father is very worried about you." Di beiming told her about di Linhan's worries.

Yun Chujiu's heart warmed up. She did not expect the pretty boy's father to be so concerned about me, she said with a smile, "Prince Charming, tell my uncle to be at ease! I am a person who is most afraid of death and will definitely be very careful. Besides, it is not that easy to kill me!"

The corner of di Beiming's eyes twitched. He had already said it. Little Jiu was the most afraid of death. She would be very careful even if no one told her to be careful.

Yun chujiu and di beiming had been together for three days. Di beiming personally sent Yun chujiu to the Tianyuan Academy.

The students of the Tianyuan Academy initially did not believe it. Now that they saw di beiming personally sending Yun chujiu back to the Tianyuan Academy, they knew that the rumors were true. The two of them were really together!

If it was in the past, they would definitely think that Yun Chujiu was lucky. However, after the competition with the Netherworld Academy, they felt that Yun chujiu was worthy of di beiming, after all, Yun Chujiu's talent was really shocking. With a little more time, she would definitely shine.

In the following period of time, although Yun Chujiu was living a comfortable life, she had been worrying about one thing. It had been a long time since she broke through!

The last time she had broken through was after she was struck by white steamed bun's lightning array in the grand desolate realm. After that, although the spiritual power in her body was enough to break through, she had not broken through for a long time.

Yun chujiu knew that if she wanted to break through, she would have to find another opportunity. However, where was this opportunity?

On this day, Yun Chujiu had her lunch and was about to cultivate when the excited voice of the three-tailed red fox, Xiao Hong, came from the Spirit Beast Bag. "Master, Master, my fourth tail has grown!"

Yun chujiu was delighted and quickly took out the three-tailed red fox. Sure enough, the fourth tail of Xiao Hong had grown to the same length as the other three tails.

Yun chujiu was concerned, "Xiao Hong, your fourth tail has grown. What abilities have you gained?"

Xiao Hong blinked her eyes, "Master, I am also puzzled. Although my tail has grown, I have not gained any abilities."

Yun chujiu was very smart. She could tell that Xiao Hong was lying at a glance. She sneered and said, "Xiao Hong, if we are talking about lying and deceiving master, I Am the ancestor. Are you trying to lie to me? Are you preparing to lose weight? HMM?"
