

The Yun Family's Ninth Child is an Imp! Chapter 1486

Yun chujiu curled her lips. Immortal realm? More like a trap! There was no such thing as a pie falling from the sky. It was definitely very dangerous inside. Moreover, with so many people entering, it was inevitable that there would be robberies. Whether they could survive or not was a problem.

Dean Huangfu coughed twice and everyone quieted down. Dean Huangfu continued, "I believe you have all heard of the Burning Sky Mystic Realm. Not only are there spirit herbs and spirit tools, but there might also be opportunities for epiphanies.

However, not only is flying prohibited in the burning sky mystic realm, but talisman seals are also prohibited. Even formation disks can not be used. Most importantly, the burning sky mystic realm is located at the border between the Tian Yuan continent and the Netherworld continent. Therefore, not only the cultivators of the Tian Yuan continent, but also the cultivators of the Netherworld continent will flock to it. When that time comes, the competition inside will definitely be abnormally fierce.

However, fortunately, only people of the Spirit sect and the spirit saint level could enter the burning sky mystic realm. Otherwise, I would definitely not allow you to enter. "I have already explained the pros and cons to you. You should think about it. If you want to go, you can gather here at midnight tomorrow. Deputy Dean Xiao will lead a team to rush to the Burning Sky Wasteland."

"Little Jiu, are you going? I will definitely go. Although it is dangerous, once I get an epiphany, it will be better than cultivating for a few years." Nangong Luoyue said excitedly.

Yun chujiu blinked her eyes. "Sister Luoyue, I'll think about it when I go back."

“Ah, that’s true. Little Jiu, you’re now a thorn in the Netherworld continent’s flesh. When that time comes, it will definitely be very dangerous. It’s fine if you don’t go. There will be other opportunities in the future.”Nangong Luoyue comforted her.

Yun chujiu nodded and hopped back to her dormitory.

Should she go or not?

Yun Chujiu was really conflicted. She could predict that the nether world hall would definitely arrange someone to sneak into the burning sky mystic realm to kill her. It was forbidden to use the formation plate inside. She was afraid that she would not be able to use the puppets either. If she could not use the talismans and puppets.., then she would not have any trump cards. It would be difficult to deal with it at that time!

However, if she did not go, such a rare trial opportunity would be wasted. Moreover, she had not broken through for a long time. Perhaps this was an opportunity.

Yun chujiu hesitated for a moment, then she gritted her teeth. Damn it! Go! In any case, people above the spiritual venerable realm couldn’t enter. At the very least, people at the spiritual saint level couldn’t outrun her. When that time came, she could just run for her life if she couldn’t defeat her!

The next day, Yun Chujiu arrived at the Tian Yuan Square on time.

Dean Huangfu saw that she had really come, and he was both worried and gratified. Naturally, he was worried about the assassins from the Netherworld Hall. He was gratified that Yun chujiu knew how difficult it was to go forward. Only with such a temperament could she cultivate the Great Dao.

Everyone took five flying spirit tools and headed to the Burning Sky Wasteland.

The journey was very smooth. Ten days later, the flying spirit tools arrived at the place where the Burning Sky Mystic Realm had appeared.

Although the Burning Sky Mystic Realm had appeared, it did not seem to have opened yet. Therefore, many cultivators were meditating nearby, waiting for the opening of the Burning Sky Mystic Realm.

There were many people from the Netherworld continent. The moment Yun Chujiu appeared, she was targeted by a few malicious gazes. Yun chujiu curled the corners of her lips indifferently. Damn it, I, Yun Chujiu, am not even afraid of the Tian Dao! Why would I be afraid of Scum Like You? ! At that time, it was still uncertain who would kill who!

Everyone waited for a day. At midnight the next day, the Burning Sky Mystic Realm finally opened!

Everyone swarmed towards the entrance of the mystic realm. After everyone had entered, Yun Chujiu then strolled into the entrance of the Burning Sky Mystic Realm.

A white light flashed. When Yun Chujiu opened her eyes again, the scene in front of her surprised her.
