

The Yun Family's Ninth Child is an Imp! Chapter 1487

Yun chujiu originally thought that the burning sky mystic realm would be the same as other mystic realms. It was filled with valleys, forests, and the like. She did not expect that the burning sky mystic realm would be extremely desolate.

Looking from afar, there were only a few mounds. The weeds on the ground were also half-dead. Moreover, there were patches of charred black. She did not know if it was caused by lightning or something else.

Yun chujiu could not help but curse in her heart. How could there still be demonic beasts in such a harsh environment? ! There was no way for Demonic Beasts to survive, alright? !

However, it was also possible that only the place where she was teleported was like this. Let's walk forward and take a look.

Yun chujiu was walking forward when fireballs began to fall from the sky.

The fireballs were of different sizes. The small ones were the size of a fist, and the big ones were even the size of a pot cover. They kept falling down one after another.

Yun Chujiu was stunned. She quickly activated the fire repelling bead, and the fireballs were blocked by the protective shield of the fire repelling bead.

“Damn it! Fortunately, I have the fire repelling bead. Otherwise, I will suffer! I don’t know if this is the case here. If I find out that it is the artifact spirit who is behind this, I will kill you!”

Yun chujia mumbled as she continued to walk forward. After walking for about twenty miles, there were no more fireballs falling from the sky. Yun chujia withdrew the fire repelling bead and was about to rest for a while when she felt the ground begin to tremble.

Yun chujia did not dare to be negligent. She looked around vigilantly and saw that the earth mounds were actually starting to move!

The earth mounds could still move?

How was this possible?

boxn ov el. c o m

Yun chujia quickly understood why these earth mounds could move. F * ck! These were not earth mounds! Those earth mounds were actually huge demonic beasts!

Those demonic beasts looked somewhat similar to the tortoises. There was a huge turtle shell on their backs. Those demonic beasts were probably resting earlier. Their necks and limbs were all curled up in the turtle shell. Therefore, Yun Chujiu thought that those were earth mounds.

Yun chujiu counted and found that there were as many as six of them. Moreover, all of them were crawling towards Yun Chujiu.

Yun chujiu had never expected that she would encounter such a great crisis as soon as she entered the burning Sky Mystic Realm. She tried to use the explosive talisman and the puppet, but nothing unexpected happened.

Although those demonic beasts looked similar to tortoises, their speed was not slow at all. In the blink of an eye, they had surrounded Yun chujiu in the middle.

Yun chujiu looked at the thick limbs of the demonic beasts and temporarily gave up on the idea of escaping, she smiled and waved her claws at the six demonic beasts. "Hi, how are you? I have never seen such majestic demonic beasts like you. I wonder what kind of demonic beasts you are? Could it be the Divine Beast Black Tortoise?"

Although the six gigantic demonic beasts could not speak human language, they could still understand it. When they heard Yun chujiu comparing them to the divine beast black tortoise, they were very proud of themselves. They raised their heads to the sky and started to caw strangely.

The cawing sound was similar to that of a duck. It was so loud that Yun Chujiu's ears were buzzing.

Yun Chujiu's heart was filled with joy. It seemed that they could understand what she was saying. HMPH, as long as they could understand what she was saying, she was not afraid that she would not be able to fool them!

"My Six Divine Beasts, you don't have to worry about me running away. Even if I wanted to run away, I wouldn't be able to! Let's have a chat!" Yun Chujiu said with a smile, this fellow's head was spinning rapidly. What could she say to attract their attention? Only then could she quietly stall for time and even find an opportunity to escape?

After the six demonic beasts heard Yun Chujiu's words, they didn't say anything. Yun chujiu knew that this was tacit approval, thus, she said curiously, "My six divine beasts, I'm very curious. This godforsaken place only has some wild grass. What do you eat? Don't you eat anything?"
