

The Yun Family's Ninth Child is an Imp! Chapter 1488

The six demonic beasts showed a look of disdain in their huge eyes. Obviously, they felt that Yun Chujiu's question was too stupid. How could there be a demonic beast that could survive without eating?

"My six divine beasts, it seems that the question I asked was too stupid. However, I am really curious. Do you guys feed on these wild grasses? Oh My God, this is too unbelievable! Could it be that these grasses have some special effects?" Yun chujiu pulled out a few grasses as she spoke, she pretended to study them, as if she was really interested in those grasses.

The six demonic beasts let out weird laughter. Obviously, they felt that Yun chujiu was too stupid!

"My six divine beasts, it seems like my guess is wrong. You guys might eat something else. Oh right, you've seen it too. I'm too thin and small. You definitely won't be able to share it. Which one of you will eat me? This is indeed a big problem! I don't want you to have conflicts because you ate me. How about this, you bring me to hunt. I'll see who is the most powerful among you and I'll let you eat me!" Yun Chujiu said with a smile, it was as if it was a happy thing to be eaten by these demonic beasts.

The six demonic beasts cackled for a while. They were probably discussing, and the last demonic beast cackled a few times, Yun Chujiu's heart was delighted. "Six Divine Beasts, are you agreeing? This is great! Before I die, I can still see your heroic hunting posture. I simply have no regrets in dying!"

The six demonic beasts clearly enjoyed Yun chujiu's flattery and started to CAW.

Yun chujia continued, "My six divine beasts, let's set off! Should I run in front or follow behind you?"

The six demonic beasts were in a dilemma!

Yun chujia was definitely not allowed to stay behind. What if this little thing sneaked away?

If she was at the front and she didn't know the way, what should she do?

Yun chujia said with difficulty, "How about, how about I boldly sit on the back of one of you? This way, you don't have to worry about me escaping!"

The six demonic beasts quacked for a while, and then one of the demonic beasts bent down. Yun chujia knew that this meant that they agreed to let her ride on their backs.

Hence, this fellow climbed onto the turtle shell of one of the demonic beasts. Well, the Turtle Shell of this demonic beast was more than ten feet wide. Yun chujia would not fall even if she rolled on it.

Yun chujiu ridiculed in her heart. Damn it, you guys are so big, yet you have to eat me? I'm not even enough to fill the gaps between your teeth!

The demonic beast saw that Yun Chujiu had already climbed up, so it stood up and the six demonic beasts quickly rushed forward.

Yun Chujiu was very pleased. You Want to eat me? Aren't you guys still obediently becoming my free mounts? You might be able to find a way to escape when you arrive at the place where these demonic beasts hunt. You Want to eat me? Dream On!

Yun chujiu stood on the turtle shell and looked into the distance. There was a touch of blue in the distance. Could it be the sea?

An hour later, Yun Chujiu finally saw the touch of blue clearly. It turned out to be a huge lake. It seemed that these six demonic beasts ate the aquatic demonic beasts in the lake. When they were not hunting, they lived on land.

When the six demonic beasts came to the Lakeside, the demonic beast carrying Yun Chujiu motioned for Yun chujiu to come down. Yun chujiu obediently jumped down from the shell of the demonic beast.

"Six divine beasts, it seems that you are feeding on the aquatic demonic beasts in the lake! "Then, you can start the competition now. Whoever catches the aquatic demonic beasts of a higher level will be the most powerful. I will let whoever eats me! If you are worried that I will escape, then you can form three groups and compete in groups!"Yun Chujiu said with a smile.
