

The Yun Family's Ninth Child is an Imp! Chapter 1492

At this moment, Yun Chujiu was riding on Xiao Hong's red fox and was showing off!

"TSK TSK, whether it's a human or a demonic beast, everything else is secondary. The main thing is to have brains! Those people from the Netherworld Palace are so eager to kill me? Tsk! I just used a little trick and succeeded in using the demonic beast to kill people!

And those three bastards, they want to eat me? HMPH! Not only did they not eat me, but they even helped me to kill my enemies. They are simply a model of helping others!"

Xiao Hong could not help but admire her black-hearted master. She was clearly in a desperate situation, but she actually came up with the idea of borrowing beasts to kill people. Moreover, she even used the sound recording stone to escape. It was really bad!

"Xiao Hong, increase your speed. Although those three bastards probably won't chase after me, it's better for us to run far away in order to be safe."

Xiao Hong and Yun Chujiu ran all the way, Yun Chujiu was still not idle. "Xiao Hong, your speed is still not good. You have to train more in the future! In the future, when master and I run for our lives, there will definitely be many times. When that time comes, it'll be up to you!"

Xiao Hong felt that it was dark. Other pet owners had to let the demonic beasts cultivate properly, but this black-hearted master of Xiao Hong had to let it practice and bring her to run for their lives!

When Xiao Hong was exhausted from running, Yun Chujiu finally said with great kindness, "I reckon that those three big bastards won't be able to catch up with us. Let's take a break for a while. Your Performance Today was not bad. I'll reward you with a drumstick!"

Xiao Hong ate the drumstick with tears in her heart. Was it easy for this king? She was almost exhausted to death because of a drumstick!

After resting for two hours, Yun Chujiu rode on Xiao Hong and slowly walked forward.

Yun chujiu looked around and mumbled, "Didn't they say that there are many spirit herbs, spirit tools, and immortal tools in this burning Sky Mystic Realm? Why didn't I find anything? Not to mention that mysterious opportunity! Could it be that I entered a fake mystic realm?"

"Speaking of which, this spirit herb is easy to talk about. That thing grew on the ground. where is this spirit tool or something? "It can't be falling from the sky, right?"

Before Yun Chujiu finished her words, she felt something smashing down from above her head. She hurriedly raised her defensive barrier. Xiao Hong leaped forward with all her might and managed to dodge it with great difficulty.

Yun chujiu turned her head and saw a deep pit on the ground. Yun chujiu carefully moved closer to the side of the pit to take a look. She saw that there was a big rock in the deep pit.

Yun chujiu frowned. A rock fell from the Sky?

Yun chujiu shot out several purple lightning bolts at the big rock. After the rock was split open, there was actually a jade token inside. Yun chujiu took it out and looked at it. She was happy!

It was actually a high-grade defensive spiritual tool. Could it be that this burning sky mystic realm really dropped a spiritual tool from the sky?

Oh My, I used to think that dropping a pie from the sky was a joke. Now it seems that there really is a time for a pie to fall from the sky!

Yun chujiu simply picked up the little red fox to prevent any more rocks from falling down and injuring the little red fox. Yun chujiu strolled forward slowly.

Needless to say, after two hours, Yun chujiu once again dodged a big rock. After splitting open the big rock, she found another defensive spirit tool inside.

Just as Yun Chujiu was feeling happy, the big rock began to fall from the sky. This fellow was miserable!

The Big Rock was already very heavy. Moreover, it fell from the sky. If it was hit by the rock, it would definitely be seriously injured. If it was not, it might even end up with its life.

Yun Chujiu did not bother to pick up any spiritual weapons. She activated the defensive spiritual weapon and dashed forward, wanting to leave the area where the rock rain was.
