

## The Yun Family's Ninth Child is an Imp! Chapter 1494

The More Yun Chujiu thought about it, the more she felt that what she said made sense. How treacherous was the nine-tailed Fox? It was even more treacherous than this silly Xiao Hong. It was estimated that as the number of tails increased, the intelligence of the Fox would also increase.

Yun chujiu ran for more than a hundred Li in one breath. She felt that the distance was safe enough, so she sat down on the ground and panted heavily.

"I've entered so many secret realms, and this is the most passive one. Damn it, Qi Ling, there might be some dirty tricks waiting for me!" Yun chujiu gnashed her teeth and said.

"Master, what should we do?" Xiao Hong asked worriedly.

"Just deal with it as it comes. Tian Dao, that old bastard, didn't kill me, so why should I be afraid of a small Qi Ling? You guys are in charge of guarding, I'll take a nap."

After Yun Chujiu finished speaking, she took out the small tent and continued to sleep. Not long after, she fell asleep.

Xiao Hong thought to herself, their black-hearted master was really big. They had just experienced a fierce battle and fell asleep just like that. No one else had such a strong character.

The next day, Yun Chujiu continued to ride Xiao Hong and strolled forward. She found a few medicinal herbs and kept them in her storage ring.

Yun Chujiu's heart sank when she saw several black dots walking over from afar. Could they be from the Netherworld Palace again?

Yun chujiu wanted to avoid them, but she could not avoid them. She could only brace herself and walk forward. She could only hope that they were not from the Netherworld Palace.

The heavens did not grant her wishes. When she approached them, Yun chujiu sadly realized that these people were really from the Netherworld Palace.

Those people immediately surrounded Yun chujiu in the middle, the person in the lead laughed sinisterly, "Yun chujiu, Tsk Tsk, we originally thought that this burning sky mystic realm was so big that we would not be able to find you in a short period of time. We did not expect to meet you so easily. It's really a narrow road for enemies!"

Yun chujiu cursed in her heart. How was it a narrow road for enemies? It was clearly the artifact spirit who had played a trick. Otherwise, why would she not be able to meet a person from the Tianyuan continent and instead, meet so many people from the Netherworld Palace?

What should she do now? There were not many defensive spirit tools left on her body. They could not last for long. Moreover, there were no beasts that she could use anymore.

Although Yun Chujiu was anxious in her heart, her face was calm as she said indifferently, "What's The Big Deal? I have already killed dozens of you!"

"Humph!"! Yun Chujiu, aren't you afraid of losing your tongue when you talk big? ! "Although your strength isn't weak, you can't use talisman seals in this burning sky mystic realm. Can you kill dozens of us by yourself?"The people of the Netherworld Hall sneered and said.

"I've never lied. Among the people I've killed, one of them has a black mole the size of a soybean at the corner of his mouth, one has a scar on his left face, and one has a square eyebrow..."

The more they heard, the more frightened they became. These people that Yun chujiu mentioned were really their people. Could they really have been killed by Yun Chujiu? How was this possible? How could yun chujiu kill so many people alone?

"I'm not lying to you, right?"? "Actually, I don't like fighting and killing the most. I talked to them for a long time, but they seemed to think that they were so powerful. In less than an hour, they were all killed by me. If you don't believe me, feel free to try. You can be their companion,"Yun Chujiu said with a smile.

The people from the Netherworld Palace hesitated. Was what Yun Chujiu said true? If she had really killed those people, they would have ended up the same way. This wretched girl was full of evil tricks. Perhaps she still had some tricks up her sleeve. Should they fight or not?
