

The Yun Family's Ninth Child is an Imp! Chapter 1500

Seeing that Hall master Li had agreed, Yun chujiu climbed out of the hole and slowly climbed down.

When the people of the Nether World Hall saw Yun chujiu climbing down like a gecko, they couldn't help but wonder, how did this smelly girl do it?

She could climb down without using a rope? This smelly girl was really strange.

When Yun Chujiu was about ten feet above the ground, she suddenly waved her hand at the people below. "Look at the hidden weapons!"

The people of the Netherworld Hall were stunned. When they thought of the chili noodles that Yun chujiu had thrown, they couldn't help but hold their breaths and hurriedly dodged.

However, they didn't expect that Yun Chujiu didn't throw anything down at all. Instead, she leaped with all her might and directly jumped in front of Hall Master Li. Hall master Li was about to accept the challenge, but he didn't expect that he would suddenly stumble, he was actually directly held by Yun Chujiu's kitchen knife at his neck.

The entire process only lasted for a few seconds. Many people from the Netherworld Hall did not even have the time to react to what had happened before they realized that Hall master Li's neck was held by Yun Chujiu's kitchen knife.

When Yun Chujiu saw that she had successfully captured Hall master Li, she finally heaved a sigh of relief in her heart. She used the kitchen knife to lightly cut hall master Li's neck, and fresh blood flowed out. "If you don't want him to die, then release those people."

Hall master Li was so frightened that he said repeatedly, "Release, release them, quick! Quick!"

A few assassins from the Netherworld Hall were about to release Nangong Luoyue and the others, however, a triangle-eyed man said, "We can't release them. If we release them, that B * Tch Yun Chujiu will force us to release her as well. Then, all our previous efforts will be in vain."

Yun chujiu sneered and said, "Then, do you not want this hall master Li Anymore?"

San Jiaoyan's eyes flickered, "Hall master Li, for the sake of Vice Palace Master Liu, for the Netherworld Palace, you should sacrifice yourself! Yun Chujiu, don't even think about using hall master Li to threaten us. Today, you and these people will die!"

Hall master Li was so angry that he cursed, "Liu Hua, you heartless thing! I have always treated you well, but you actually treated me like this!"

San Jiaoyan pretended to be helpless and said, "Hall Master Li, we have a good personal relationship, but we can not ruin Vice Palace Master Liu's big plan. In order to prevent you from suffering, I will send you on your way."

After saying that, San Jiaoyan actually launched a spiritual attack at Hall master Li, and a poisonous spiritual snake headed straight for hall master Li.

Yun Chujiu's heart skipped a beat, and she suddenly pushed hall master Li's back. Yun Chujiu's push allowed Hall master Li to dodge a part of the spiritual attack, but his left shoulder was still badly bitten.

Hall master Li suddenly realized that he had gained his freedom, and his first reaction was to shoot a spiritual power attack at San Jiaoyan. San Jiaoyan naturally did not want to be outdone, and the two of them started to fight.

The other assassins of the Netherworld Hall were momentarily stunned, not knowing how to react. Yun chujiu naturally would not let go of such a good opportunity, and she rushed to the side of Nangong Luoyue and the others, she released a group of spirit energy piglets towards the assassins guarding them.

Those assassins immediately surrounded Yun chujiu in the middle and started to fight with her.

No one noticed that Xiao Hei had already sneaked out from underground and broke the ropes of Nangong Luoyue and the others. Although their spirit energy was still restricted, at least they could move.

Yun chujju saw that Xiao Hei had succeeded and suddenly rushed towards one of the killers. That killer subconsciously dodged and Yun Chujju rushed to Nangong Luoyue and the others'side and stretched out her hand to release their spiritual power.

The six of them immediately formed a circle with Yun Chujju and started to fight with the people of the Nether World Palace.
