

The Yun Family's Ninth Child is an Imp! Chapter 1503

Yun chujiu saw that she had temporarily gotten rid of the people from the Nether World Hall and sat down on the deck. "Emma, I can finally breathe a sigh of relief. I'm so tired!"

Nangong Luoyue and the others also heaved a sigh of relief. They thought that they would definitely die, but they didn't expect that they would actually get rid of the people from the Nether World Hall.

"Little Jiu, what should we do next?" Nangong Luoyue asked.

"We can only stay on the boat for the time being. The people of the Netherworld Palace will not give up. They will definitely track us on the shore. We can only wait on the boat for the trial to end! "However, their main target is me. If you guys want to leave, you can wait until it's dark and sneak onto the other shore," Yun Chujiu said to Nangong Luoyue and the others.

They shook their heads. Firstly, they felt that abandoning Yun chujiu was not a good idea. Secondly, they felt that it was safer to follow Yun Chujiu. There might be people from the Netherworld Hall on the other side of the river, they were not a match for the people from the Netherworld Hall.

Three days passed in a row. The people from the Netherworld Hall were still chasing after them on the shore. Yun Chujiu had the boat stop and go. If the people from the Netherworld Hall did not chase after them, the boat would stop on the river. If the people from the Netherworld Hall went into the water to chase after them..., she had the boat go forward at full speed. The people of the Netherworld Palace were so angry that they were twitching.

Just when the people of the Netherworld Palace were at their wits' end, they met another group of people from the Netherworld Palace. The leader was a hall master surnamed Yu. After he heard what Hall Master Li had said about what had happened., he smiled sinisterly. "Brothers, there's no need to be anxious. I am not talented, and my swimming ability is not bad. Moreover, many of my brothers have grown up by the sea. Moreover, they all have aquatic spiritual pets. It will be easy for me to take care of Yun Chujiu and the others. You guys wait for my good news."

Hearing that, Hall master Li and Hall master Zhu were overjoyed. "That's great! We're just waiting for your good news. It would be best if we can kill them in the water. Even if we can't kill them and force them to the shore, we'll definitely be able to kill them."

"Alright! The two of you will split into two groups and go to the opposite shore to prevent them from escaping from the opposite shore." After saying that, Hall Master Yu led his men and jumped into the river.

After Hall Master Yu and the others summoned their aquatic spiritual pets, they rode on their spiritual pets and headed straight for Yun Chujiu's ship.

Nangong Luoyue, who was in charge of keeping watch on the deck, couldn't help but cry out in alarm, "Little Jiu! Little Jiu! This is bad! They... they have aquatic spiritual beasts, they are catching up!"

Yun Chujiu, who was in the middle of enjoying the hotpot, walked to the side of the deck and took a look. Sure enough, there were ten people riding on the aquatic spiritual pets and chasing after the ship. Judging from their speed, they should be able to catch up in fifteen minutes.

Yun chujiu rubbed her chin and thought for a moment. If we let them catch up, we would be in a passive position as soon as they boarded the ship. It would be best if we took care of them in the water. Her purple lightning was quite powerful in the water., how about she jump into the river and kill a few of them first?

Yun chujiu thought of this and said to Nangong luoyue, "I'll jump into the river and kill them. You guys be careful and stay alert. Don't let anyone get close to our ship."

"Junior Sister Jiu, can you... can you do it? It's too risky. It's better to wait for them to catch up to us and deal with them together."Nangong Luoyue anxiously stopped her.

"Don't worry, don't worry. They might not be my match in the water. If they can't do it, I'll come back. I'm leaving. See You Later!"After saying this, Yun Chujiu jumped down and directly dived into the river.

Nangong luoyue stamped her feet anxiously. Wasn't Little Jiu messing around? ! No matter how powerful you are, you can't kill ten people. Moreover, they have aquatic spirit beasts!
