

The Yun Family's Ninth Child is an Imp! Chapter 1507

Hall Master Yu and the others had already swam to the vicinity of Yun Chujiu. They had lost two people in a row, so they did not dare to underestimate the enemy this time around.

Hall master Yu gestured with his hands, gesturing for Yun Chujiu to be surrounded. Yun chujiu used the same trick again and sprinkled another bottle of dye, causing the river to turn pitch-black.

Hall Master Yu and the others were so angry that they gritted their teeth, but there was nothing they could do. The black water was pitch-black, and they could not even see their own people, let alone Yun Chujiu.

In the darkness, they could hear the screams of the people from the Netherworld Hall. It did not matter if they screamed, as the river water poured into their mouths. That person quickly floated to the surface of the water to breathe.

At this moment, he felt a pain in his back. Then, there was nothing else. He and the corpse of his spirit beast floated on the surface of the water.

“Oh my God, another one died!”

“Oh right, why did the river water turn black? Did Yun chujiu spread poison in it? Hall master Yu's men might have been poisoned to death!”

“What you said makes sense. Otherwise, Yun Chujiu wouldn’t have been able to kill them!”

“You guys can forget it. How much poison would this poison have to be to be able to kill people after being diluted by the river water? ! It definitely wasn’t poisoned to death.”

..

Seeing that another subordinate had died, Hall Master Yu secretly hated Yun Chujiu. This Damn Yun Chujiu was really cunning to the extreme! She actually thought of such a sinister method! However, you still underestimate me too much!

At this moment, the dye was almost diluted by the river water. Everyone finally regained their sight. Hall master Yu gestured to his subordinates to disperse and expand the encirclement.

Yun Chujiu’s eyes flashed. Oh, she’s still quite smart! In this way, if she used the dye again, although they couldn’t see her, they only needed to attack the center.

Hall master Yu waved his hand, and the seven people’s spiritual energy attacks shot toward Yun Chujiu.

Yun chujju pouted and began to release the pigs.

Hall Master Yu and the others were quite far away earlier, so they didn't see the perverse performance of the spiritual energy piglets. Therefore, when they saw the seven silly and cute piglets flapping their four legs, they couldn't help but twitch their lips. This thing was fine on land, but in water? Humph, they were weak!

Yun chujju sneered in her heart. In a while, you guys will have a good time!

Yun Chujju's hands were not idle either. She used the eight immortal swords to protect herself, and then used the purple lightning to continuously shoot at the crowd.

Hall master Yu and the others naturally would not sit still and wait for death. On one hand, they paid attention to the situation of the piglets, and on the other hand, they used water arrows to attack Yun Chujju.

The seven spiritual energy piglets were still fiddling with their short legs when the seven spiritual energy beasts pounced in front of them. Hall Master Yu and the others glanced at the piglets contemptuously, thinking that these piglets would definitely be finished.

However, they were completely stunned by what happened next!

The seven piglets that were originally slow suddenly became agile and fiercely bit down on the spiritual energy beasts!

Damn it, how was this a pig? ! This was even more ferocious than a tiger!

This was a live act of pretending to be a pig to eat a tiger!

Just as Hall Master Yu and the others were in a Daze, Yun Chujiu released another eight spirit piglets. Hall Master Yu and the others hurriedly released their Spirit Beasts to defend, and the two sides once again engaged in a fierce battle.

Although Hall Master Yu and the others had the advantage in numbers, they were unable to withstand Yun Chujiu's evil schemes. When this fellow couldn't hold on any longer, he would put dye in the water and then take advantage of the chaos to launch a sneak attack.

The Spirit Energy Piglet and the Purple Lightning's sneak attacks successively succeeded. Hall master Yu's side very quickly lost another three people, leaving only four people.
