

The Yun Family's Ninth Child is an Imp! Chapter 1510

The people of the Nether World Palace were confused. What was going on? What was going on? What was going on?

Were these six demonic beasts Yun Chujiu's spiritual pets?

Would they attack us?

The six demonic beasts were confused by Yun Chujiu's words. What the Little Brat said made sense. If she was running away, why would she come back?

"My six divine beasts, bite them to death first, then slowly discuss the problem of eating me. This is in the river, not on land. I Can't run away even if I want to!"

"Let me tell you, they scolded you harshly. What Big Bastards, what Cowards, they even want to drink your blood and eat your flesh! Oh right, someone even said that he wanted to flip your shells to make a urinal!"

When the six demonic beasts heard the last sentence, they were so angry that they almost went mad. They started to CAW and caw strangely as they charged towards the people from the Netherworld Hall!

Hall master Li had already guessed 80% of the truth. These big bastards seemed to have wanted to eat Yun Chujiu in the past. Yun Chujiu had escaped, and now they actually said that they were helping them to trap us?

When Hall master Li thought of this, he shouted, “Lord Divine Beast, Lord Divine Beast, that Stinky Girl Yun Chujiu is spouting nonsense. We have never said that you are big bastards! You guys have been deceived by that Stinky Girl Yun Chujiu! You guys can’t be so stupid!”

Hearing what Hall Master Li said, Yun Chujiu almost burst into laughter. This hall master Li was really too stupid! What the demonic beasts were most willing to listen to was flattery. What they hated the most was that others said it was stupid and said it was stupid. If you said that, then it would be strange if the six big bastards weren’t even angrier!

As expected, when the six big bastards heard what Hall Master Li said, they became even angrier and pounced on them! You’re the one who’s F * cking stupid! Your entire family is stupid! We’re so smart, how could the little girl deceive us! !

The people of the Netherworld Hall were so scared that they ran in all directions. How could they still care about Yun Chujiu? They wished that they could grow two more legs.

Hall master Zhu, who was on the other side of the river, couldn’t care about saving hall master Li and the others. He took his men and ran away. Hall master Li was so angry that he couldn’t do anything.

Hall master Yu brought his three men and jumped into the river. He was ready to swim to the other side. When the two demonic beasts saw him, they climbed into the water and killed the four men and their demonic beasts in a short while.

“Lord Divine Beast! You are indeed brave and fierce! Good Kill! Good Kill! You killed them until they cried out!”

“Lord Divine Beast! Yes, it’s that Fatty. He is the one who said that he would tear off the shells of your sons of B * tches and use them as your urinals. Kill him!”

“Lord Divine Beast, you guys come and compete. I want to see who kills the most people! Whoever kills the most, I’ll let them eat me!”

..

In less than an hour, the battle on the shore came to an end. Hall master Li and the others were all bitten to death by the six demonic beasts. Only then did the six demonic beasts start to squawk at the big ship, motioning for Yun Chujiu to come out and throw her life away.

Yun Chujiu’s loud voice could still be heard from the ship, “Lord Divine Beast, put in more effort! Kill them!”

“Lord Divine Beast, you guys are the best! I love you guys!”

..

The six demonic beasts had an ominous premonition in their hearts. They swam into the water one after another and used their huge bodies to ram into the ship. Until the ship was knocked over, they did not see a single person!

F * ck!

They were fooled by that damn brat again!

She must have secretly escaped from the river! Chase!

The six demonic beasts saw a boat in front of them from afar. They gritted their teeth and chased after it. Damn brat, this time I will definitely eat you up!
