

The Yun Family's Ninth Child is an Imp! Chapter 1512

After hearing Yun Chujiu's question, Nangong Luoyue could not help but laugh, "Little Jiu, what are you thinking about? How could a spirit tool fall from the Sky? "There are many ancient cultivator's cave abodes in this burning sky mystic realm. Those cave abodes usually have spirit tools and the like, and sometimes there will be unexpected opportunities."

Yun chujiu touched her nose. I told you! Where did spirit tools drop from the Sky? ! It was indeed the work of the damn qi ling!

A few male students also said,

"Although our array disk can't be used, the ancient array disk can. Those cave abodes are usually covered by arrays, so it's difficult to find the entrance of the cave abodes. We can only rely on luck."

"I heard that someone once hunted a violent earth-splitting wild bear and accidentally fell into a cave. I didn't expect that it was the cave abode of an ancient cultivator. He got several high-grade spirit tools and an immortal sword."

"Yeah, I also heard that someone was going to dig a stalk of purple-stem kudzu root. I didn't expect that as he dug, the bottom collapsed, and then he found a cave abode."

..

“Then let’s also specifically dig up spirit herbs with roots. Who knows, we might also discover a cave abode! I have never been greedy. We just need to find 180 cave abodes.”Yun Chujiu’s eyes sparkled as she said.

The corners of Nangong Luoyue and the others’ eyes twitched violently. Aren’t you greedy? 180 cave abodes? Did you think that ancient cultivators’ cave abodes were cabbages? !

After three days, the three of them had dug up quite a lot of spiritual herbs, but they didn’t find a single cave abode!

Yun chujiu was a little discouraged. She mumbled, “Didn’t we agree to dig a cave abode? Why didn’t we find any? Could it be that we entered the fake Sky Burning Mystic Realm?”

Nangong Luoyue and the others looked at the sky speechlessly. Who said that they would dig a cave abode? Did you think they were digging for spirit potatoes?

While everyone was chatting and laughing, Yun chujiu made a hand gesture to signal for everyone to keep quiet. After interacting with each other for the past few days, everyone had a tacit understanding. After seeing Yun Chujiu’s hand gesture, they carefully hid in the dense forest, they restrained their aura and looked outside.

“Damn it! What Bad Luck! This trip was a waste! We even lost a lot of brothers!”The one who spoke was hall master Zhu, followed by seven people.

“Hall master Zhu, I have to say that that B * Tch Yun Chujiu is too cunning! I finally figured it out. She borrowed the Beasts to kill people, and those B * stars were not her spiritual beasts at all.”

“Do you even need to say that? ! The hateful thing is that those B * stars later killed more than ten of our brothers. What Bad Luck!”

..

Yun chujiu blinked her eyes. The six B * stars were really awesome. They actually helped her kill more than ten people? These people chased her so miserably that she had to kill them today.

Yun Chujiu estimated the strength of both parties. As long as they were caught off guard, they had a high chance of winning. Yun chujiu gestured to Nangong Luoyue and the others, indicating that they should not move. Then, she wrote a note and handed it to them.

After Yun Chujiu took off the spirit-concealing ring on her hand, she carefully went behind those people. After leaving the dense forest, she put on the ring and deliberately made some noise.

An assassin immediately noticed yun chujiu and exclaimed, "Yun Chujiu! It's that Damn Brat Yun Chujiu!"

Yun Chujiu said with a smile, "That's right, it's me! You guys are really lucky that my spirit beast didn't eat all of you. What a pity!"
