

The Yun Family's Ninth Child is an Imp! Chapter 1525

It took Yun chujiu an hour to climb down and meet up with Nangong Luoyue and the others.

While climbing, Yun Chujiu discovered that there should have been a cave abode first. There was a nine-sky-dome pine growing on top of the cave abode. As the roots of the nine-sky-dome pine grew deeper and deeper, the trunk of the tree was connected to the cave abode. According to her calculations, this cave had existed for at least tens of thousands of years.

When Nangong Luoyue and the others saw Yun chujiu coming down, they excitedly pointed to the front and said, "Little Jiu, look! There must be something good ahead!"

Yun chujiu looked in the direction where Nangong Luoyue pointed. In the distance, there was a magnificent seven-colored light flashing. There must be a treasure.

This guy was overjoyed, however, he still said cautiously, "It's naturally good to have a treasure, but there might be some danger nearby. Everyone, be careful. Activate your defensive spirit tools to prevent any accidents from happening."

Nangong Luoyue and the others did as they were told and followed behind Yun Chujiu carefully.

After a quarter of an hour, everyone finally saw the thing that was emitting a magnificent light. It was actually a huge mushroom.

Everyone was a little dumbfounded. There were mushrooms that could emit light, but this was the first time they had seen a mushroom that could emit such a brilliant light. Moreover, this cave abode was empty, and there was only a huge mushroom. It was really a little strange.

Yun chujiu looked at her surroundings. There were stone walls all around. It was obvious that this cave was artificially dug. Since it was artificially dug, there were no skeletons or coffins inside, there was only one big mushroom. It was really abnormal.

At this moment, the big mushroom began to emit a tempting fragrance. Nangong Luoyue and the other three couldn't help but walk toward the big mushroom. Their eyes were full of anxiety.

Yun chujiu cursed in her heart and shot six small purple needles at the six people's buttocks. She only used 10% of her spiritual power, so after the small purple needles exploded, they only slightly injured the six people.

The six people were shocked awake by the pain. Only then did they realize that they had unknowingly approached the strange big mushroom and quickly retreated.

The six people touched the blood on their buttocks with faces full of shame and anger. Nangong Luoyue's face was red as she asked, "Little Jiu, can't you... Can't you change your position?"

Yun chujiu spread her hands. "Only the skin on your buttocks is rough and the flesh is thick. If I shoot on your arms and legs, how will you fight later?"

Although Nangong Luoyue and the others felt that what Yun Chujiu said made sense, no matter how they looked at it, they felt that Yun Chujiu did it on purpose!

Due to the pain in their buttocks, everyone's spiritual senses were much clearer. Although they still had the desire to get close to the big mushroom, they could still control it with their willpower.

"Little Jiu, this mushroom is too strange! What should we do next?"

"Let me try out this big mushroom first. Everyone, step back first." After Yun chujiu gestured for everyone to step back, she took out a wind-blade rabbit from the Great Void Mystic Realm.

After the wind-blade rabbit was released, it was clearly a little confused. However, it was quickly attracted by the alluring fragrance of the big mushroom. The wind-blade rabbit quickly jumped to the side of the big mushroom.

Just as the wind-blade rabbit approached the big mushroom, a few mycelium emerged from the ground and tightly wrapped around the wind-blade rabbit. A moment later, only some of the wind-blade rabbit's long white hair was left on the ground. Even its bones were absorbed by the big mushroom.

Nangong Luoyue and the others' faces were pale. They were very scared. If Yun Chujiu did not wake them up, they would definitely end up like the wind-blade rabbit.
